Subject Index
Volume 51 (January–June 1991)

KEY TO ABBREVIATIONS USED FOR ARTICLE CLASSIFICATION

* = Original Article	CP = Correspondence	KR = Key References
AN = Announcement	CT = Collective Review	PA = Presidential Address
CL = Classics in Thoracic Surgery	CV = Current Review	RE = Report
CR = Case Report	ED = Editorial	RV = Review of Recent Books
	HW = How to Do It	

Ablation

Closed heart cryoablation of the His bundle using an anterior septal approach (Louagie, Guiraudon, & others) 1991;51: 616–9*

Epicardial and endocardial catheter ablation for Wolff-Parkinson-White syndrome (Iwa) 1991;51:527–8,ED

Surgical treatment of the Wolff-Parkinson-White syndrome by epicardial electrical ablation (Bockeria, Kupatadze, & others) 1991;51:563–72*

Abnormalities

Congenital bronchoesophageal fistula (Parry & Juma) 1991;51: 346,CP; Reply (Risher, Arensman, & Ochsner) 1991;51: 346–7,CP

The Fontan procedure: a historical review (Cowgill) 1991;51: 1026–30,CL

Hemi-Fontan operation in surgery for single ventricle: a preliminary report (Douville, Sade, & Fyfe) 1991;51:893–900*

Palliation of univentricular heart without increasing work (Lamberti) 1991;51:882–3,ED

Repair of posterior left ventricular aneurysm in a six-year-old boy (Grossi, Colvin, & others) 1991;51:484–7,CR

Right pulmonary artery obstruction after pulmonary artery banding (Robertson, Penkoske, & Duncan) 1991;51:73–5*

Adenocarcinoma

Adenocarcinoma arising in a foregut cyst of the mediastinum (Olsen, Clemmensen, & Andersen) 1991;51:497–9,CR

Nephrotic syndrome complicating adenocarcinoma of the lung with resolution after resection (Coltharp, Lee, & others) 1991;51:308–9,CR

Adolescent

Left ventricular aneurysm secondary to Behçet's disease (Di Eusanio, Mazzola, & others) 1991;51:131–2,CR

Agglutination

Agglutination of blood cardioplegia by cold-reacting autoantibodies (Holman, Smith, & others) 1991;51:833–6,CR

Airway obstruction

Airway complications in relapsing polychondritis (Eng & Sabanathan) 1991;51:686–92,CT

Aldehydes

Binding of preformed xenoantibodies to porcine bioprosthetic valves (Sanchez, Marboe, & others) 1991;51:30–3*

Alprostadil

Prolonged preservation of canine lung allografts: the role of prostaglandins (Novick, Reid, & others) 1991;51:853–9,CV

Amiodarone

Amiodarone versus bretylium for suppression of reperfusion arrhythmias in dogs (Rosalion, Snow, & others) 1991;51: 81–5*

Amylases

Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR

Analgesia

Pleural anesthetics given through an epidural catheter secured inside a chest tube (Baker & Tribble) 1991;51:138–9,HW

Anastomosis, surgical

Early restenosis after extended end-to-end anastomosis at neonatal age (van Son, Smedts, & Lacquet) 1991;51:160–2,CP; Reply (Elliott) 1991;51:162,CP

Growth of tracheal anastomoses: advantage of absorbable interrupted sutures (McKeown, Tsuboi, & others) 1991;51: 636–41*

Mammary artery grafts: a new no-touch technique for anastomosis (Galvin) 1991;51:500–3,HW

Rectus abdominis muscle flap with microvascular anastomoses for repair of recurrent sarcoma (Waris, Kaarela, & others) 1991;51:133–5,CR

Technique for use of the inferior epigastric artery as a coronary bypass graft (Mills & Everson) 1991;51:208–14*

Tracheoesophageal anastomosis for intractable aspiration pneumonia (Nakasaki, Sugihara, & others) 1991;51:23–29*

Anemia

Autologous blood transfusion with recombinant human erythropoietin in heart operations (Watanabe, Fuse, & others) 1991;51:767–72*

Use of human recombinant erythropoietin to correct severe preoperative anemia (Fullerton, Campbell, & Whitman) 1991;51:825–6,CR

Anesthesia

Pleural anesthetics given through an epidural catheter secured inside a chest tube (Baker & Tribble) 1991;51:138–9,HW

Aneurysm

End-to-end repair of aortic coarctation using absorbable polydioxanone suture (Arenas, Myers, & others) 1991;51: 413–7*

False aneurysm formation of the great arteries after arterial switch operation (Kato, Nakada, & others) 1991;51:495–6,CR

False aneurysm of the right internal mammary artery (Millner, Guvendik, & others) 1991;51:831–2,CR

Repair of posterior left ventricular aneurysm in a six-year-old boy (Grossi, Colvin, & others) 1991;51:484–7,CR

Sinus of Valsalva aneurysm eroding into the interventricular septum (Raffa, Mosieri, & others) 1991;51:996–8,CR

January issue, pp 1–176; February issue, pp 177–350; March issue, pp 351–526; April issue, pp 527–700; May issue, pp 701–876; June issue, pp 877–1088.

Spinal cord protection during aortic occlusion: efficacy of intrathecal tetracaine (Breckwoldt, Genco, & others) 1991; 51:959–63*
Spontaneous late rupture of an aortocoronary saphenous vein graft (Werthman, Sutter, & others) 1991;51:664–6,CR

Angina
Morbidity and mortality after coronary artery bypass in octogenarians (Tsai, Nessim, & others) 1991;51:983–6*

Angiography
Intraoperative coronary angiography using fluorescein (Takayama, Wanibuchi, & others) 1991;51:140–3,HW

Angioplasty
Excimer laser angioplasty during aortocoronary bypass grafting (Blanche, Segalowitz, & others) 1991;51:670–2,CR

Angioplasty, transluminal, percutaneous coronary
Emergency aortocoronary bypass after failed angioplasty (Greene, Gray, & others) 1991;51:194–9*
An unusual problem during surgical removal of a broken guidewire (Maat, van Herwerden, & others) 1991;51:829–30,CR

Anoxemia
Production of endothelium-derived contracting factor is enhanced after coronary reperfusion (Pearson & Lin) 1991; 51:788–93*

Antibodies, heterophile
Binding of preformed xenoantibodies to porcine bioprosthetic valves (Sanchez, Marboe, & others) 1991;51:30–33*

Anticoagulants
Potential use of recombinant hirudin as an anticoagulant in a cardiopulmonary bypass model (Walenga, Bakhos, & others) 1991;51:271–7*

Aorta
Aortic atresia with normal left ventricle: one-stage repair in early infancy (Bogers, Sreeram, & others) 1991;51:312–4*
Apical aortic cannulation: application of an old method with new paraphernalia (Robicsek) 1991;51:330–2,HW
Coronary artery bypass grafting in patients with calcified aorta (Arsiwala, Bedi, & others) 1991;51:348,CP; Reply (Suma) 1991;51:348,CP
Coronary bypass grafting with totally calcified or acutely dissected ascending aorta (Peigh, DiSesa, & others) 1991; 51:102–3*
Delayed death from aortic root trauma (Boruchow & Hutchins) 1991;51:315–9,CR
Fistulas between the aorta and tracheobronchial tree (MacIntosh, Parrot, & Unruh) 1991;51:515–9,CT
Palliative repair of aortic atresia associated with tricuspid atresia and transposition of the great arteries (Imai, Kurosawa, & others) 1991;51:646–8,CR
Replacement of the aortic valve or root with a pulmonary autograft in children (Gerosa, McKay, & Ross) 1991;91: 424–9*

Aorta, abdominal
Combined myocardial revascularization and abdominal aortic aneurysm repair (Hinkamp, Pifarre, & others) 1991;51: 470–2*

Aorta, thoracic
Transesophageal echocardiography in acute aortic transection (Galvin, Black, & others) 1991;51:310–11,CR

Aortic aneurysm
Ascites after rupture of dissecting aortic aneurysm into the right atrium (Henze, Thorelius, & others) 1991;51:125–7,CR
Combined myocardial revascularization and abdominal aortic aneurysm repair (Hinkamp, Pifarre, & others) 1991;51: 470–2*
Reducing postischemic paraplegia using conjugated superoxide dismutase (Agee, Flanagan, & others) 1991;51:911–5*
An unusual complication of cardiac transplantation—infected aortic pseudoaneurysm (Palac, Strausbaugh, & others) 1991;55:479–81,CR

Aortic arch. *See* Aorta, thoracic

Aortic coarctation
End-to-end repair of aortic coarctation using absorbable polydioxanone suture (Arenas, Myers, & others) 1991;51: 413–7*
Optimal age for repair of aortic coarctation (van Son, Daniëls, & Lacquet) 1991;51:344–5,CP
Risk of reintervention after coarctation repair (van Son & Lacquet) 1991;51:521,CP; Reply (Kron) 1991;51:522,CP

Aortic disease
Aortic atresia with normal left ventricle (Serraf, Bruniax, & others) 1991;51:1017–9,CR

Aortic valve
Replacement of the aortic valve or root with a pulmonary autograft in children (Gerosa, McKay, & Ross) 1991;91: 424–9*

Aortic valve insufficiency
Aortic regurgitation after left ventricular myotomy and myectomy (Brown, Roberts, & others) 1991;51:585–92*
Hypertrophy of nodules of Arantius and aortic insufficiency: pathophysiology and repair (Shapira, Fernandez, & others) 1991;51:969–72*
Management of aortic insufficiency in chronic aortic dissection (Pêgo-Fernandes, Stolf, & others) 1991;51:438–42*
Traumatic aortic insufficiency (Bex, Grande, & Deveze) 1991; 51:694–5,CP

Aortic valve stenosis
Supravalvar aortic stenosis: a 29-year review of surgical experience (Sharma, Fujiwara, & others) 1991,51:1031–9,CV
Supravalvar aortic stenosis (Doty) 1991;51:886–7,ED

Aortocoronary bypass. *See* Coronary artery bypass

Aprotinin
Aprotinin reduces intraoperative and postoperative blood loss in membrane oxygenator cardiopulmonary bypass (Harder, Eijsman, & others) 1991;51:936–41*

Arrhythmias
Amiodarone versus bretylium for suppression of reperfusion arrhythmias in dogs (Rosalion, Snow, & others) 1991;51: 81–5*
Heterotopic heart transplantation and native heart ventricular arrhythmias (Kotliar, Smart, & others) 1991;51:987–91*
Prevention of arrhythmias after noncardiac thoracic operations: flecainide versus digoxin (Borgeat, Petropoulos, & others) 1991;51:964–8*

Arterial switch operation
Arterial switch procedure in an adult (Trehan & Ott) 1991;51: 122–4,CR
False aneurysm formation of the great arteries after arterial switch operation (Kato, Nakada, & others) 1991;51:495–6,CR
Hemolysis due to branch pulmonary stenosis after the arterial switch procedure (Schroeder, Albert, & others) 1991;51: 491–2,CR
Long-term results after atrial correction of complete transposition of the great arteries (Merlo, De Tommasi, & others) 1991;51:227–31*

Arteries
Acute vascular trauma (Tutassaura) 1991;51:1044–5,CP
Technique for use of the inferior epigastric artery as a coronary bypass graft (Mills & Everson) 1991;51:208–14*
Ascites
Ascites after rupture of dissecting aortic aneurysm into the right atrium (Henze, Thorelius, & others) 1991;51:125–7,CR
Asphyxia
Traumatic asphyxia (Lee, Wong, & others) 1991;51:86–8*
Aspirin
Aspirin and blood loss (Violaris & Angelini) 1991;51:693,CP; Reply (Taggart, Siddiqui, & Wheatley) 1991;51:693–4,CP
Assisted circulation
Comparison of hemodynamics and ejection fraction during left heart bypass (Sekela, Verani, & Noon) 1991;51:804–6*
Mechanical circulatory assistance after heart transplantation (Emery, Eales, & others) 1991;51:43–4*
Postcardiotomy mechanical circulatory support in the elderly (Wareing & Kouchoukos) 1991;51:441–7*
Atelectasis
Altered cellular immune function in the atelectatic lung (Nguyen, Mulder, & Shennib) 1991;51:76–80*
Atrioventricular canal
Atrioventricular canal defects (Capouya & Laks) 1991;51:860–3,KR
Autoantibodies
Agglutination of blood cardioplegia by cold-reacting autoantibodies (Holman, Smith, & others) 1991;51:833–6,CR
Azathioprine
Hemodynamics versus biopsy findings during cardiac transplant rejection (Bolling, Putnam, & others) 1991;51:52–5*
The safety of low-dose prednisone before and immediately after heart-lung transplantation (Novick, Menkis, & others) 1991;51:642–5*

Balloon dilation
Hemodynamic effects of lobar pulmonary artery occlusion in a porcine sepsis model (Ward, Shennib, & Zidulka) 1991;51:451–4*
Membranotomy for Budd-Chiari syndrome (Cheng) 1991;51:522–3,CP; Reply (Victor, Jayanthi, & Madanagopalan) 1991;51:523,CP
Barnard, Christiaan
Christiaan Barnard's contribution to the surgical treatment of Ebstein's malformation (Kirklin) 1991;51:147–51,CL
Barrett esophagus
New surgical approach to complicated gastroesophageal reflux disease: transthoracic parietal cell vagotomy (Landreneau, Marshall, & others) 1991;51:128–30,CR
Behçet's disease
Left ventricular aneurysm secondary to Behçet's disease (Di Eusanio, Mazzola, & others) 1991;51:131–2,CR
Bioprosthesis
Atrioventricular valve replacement with a Hancock porcine xenograft (Cohn) 1991;51:683–5,CL
Biopsy
Hemodynamics versus biopsy findings during cardiac transplant rejection (Bolling, Putnam, & others) 1991;51:52–5*
Biopsy, needle
Role of percutaneous fine-needle aspiration biopsy in suspected intrathoracic malignancy (Colquhoun, Rosenthal, & Morton) 1991;51:390–3*

Björk-Shiley valve
Intraoperative echocardiography of a dislodged Björk-Shiley mitral valve disc (Tanaka, Abe, & others) 1991;51:315–6,CR
Blood
Benefit from combining blood conservation measures in cardiac operations (Jones, Rawitscher, & others) 1991;51;541–6*
A new era in blood conservation (Goodnough & Geha) 1991;51;703–4,ED
Six different hemofiltration devices for blood conservation in cardiac surgery (Boldt, Zickmann, & others) 1991;51:747–53*
Blood flow
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid artery disease (Johnsson, Algotsson, & others) 1991;51:579–84*
Coronary pathology predicts conduction disturbances after coronary artery bypass grafting (Mosseri, Meir, & others) 1991;51:248–52*
Book reviews
AIDS and Surgery, edited by Sim & Jefferies (Page) 1991;51:836,RV
Anesthesia for Cardiac Surgery by DiNardo & Schwartz (Finch) 1991;51:763,RV
Aortic Valve, The, by Thubrikar (Bolling) 1991;51:998,RV
Current Practice of Surgical Stapling, edited by Ravitch, Steichen, & Welter (Gaskill) 1991;51:824,RV
Diagnosis of Diseases of the Chest, by Fraser, Pare, Pare, Fraser, and Genereux (Levine) 1991;51:1016,RV
Heart and Brain, Brain and Heart, edited by Refsum, Sulg, & Rasmussen (Lytle) 1991;51:666,RV
Heart and Heart-Lung Transplantation, by Baumgartner, Reitz, & Achuff (Kriett) 1991;51:572,RV
Lung Cancer Chronicles, by Meyer (Roe) 1991;51:654,RV
Pleural Diseases, Second Edition, by Light (Fosburg) 1991;51:663,RV
Surgery for Heart Valve Disease, edited by Bodnar (Coffin) 1991;51:799,RV
Thoracic Surgery, edited by Pichelmaier, Schildberg (Guyton) 1991;51:955,RV
Wanderjahr: The Education of a Surgeon, Edward D. Churchill, edited by Scannell (Ferguson) 1991;51:968,RV
Brain
Brain protection during circulatory arrest (Crittenden, Roberts, & others) 1991:51;942–7*
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid artery disease (Johnsson, Algotsson, & others) 1991;51:579–84*
Bretylium compounds
Amiodarone versus bretylium for suppression of reperfusion arrhythmias in dogs (Rosalion, Snow, & others) 1991;51:81–5*
Bronchi
Are sutures better than staples for closing bronchi and pulmonary vessels? (Graeber, Collins, & others) 1991;51:901–5*
Bronchial fistula
Empyema and bronchopleural fistula (Pairolero, Trastek, & Allen) 1991;51:157–8,KR
Bronchoalveolar carcinoma
Bronchoalveolar carcinoma: factors affecting survival (Daly, Trastek, & others) 1991;51:368–77*
Bronchoalveolar lavage
Bronchoalveolar lavage in lung transplantation (Shennib & Nguyen) 1991;51:335–40,CV

Phenotypic expression of bronchoalveolar lavage cells in lung rejection and infection (Shennib, Nguyen, & others) 1991; 51:630–5*

Budd-Chiari syndrome

Membranotomy for Budd-Chiari syndrome (Cheng) 1991;51: 522–3,CP; Reply (Victor, Jayanthi, & Madanagopalan) 1991;51:523,CP

Bypass

Comparison of hemodynamics and ejection fraction during left heart bypass (Sekela, Verani, & Noon) 1991;51:804–6*

Calcinosis

Coronary artery bypass grafting in patients with calcified aorta (Arsiwala, Bedi, & others) 1991;51:348,CP; Reply (Suma) 1991;51:348,CP

Coronary bypass grafting with totally calcified or acutely dissected ascending aorta (Peigh, DiSesa, & others) 1991; 51:102–3*

Calcium

Calcium in neonatal cardioplegia (Robinson) 1991;51:1043–4,CP; Reply (Bove & Gallagher) 1991;51;1044,CP

Magnesium ion is beneficial in hypothermic crystalloid cardioplegia (Brown, Holland, & others) 1991;51:359–67*

Calcium chloride

Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*

Cannula

Apical aortic cannulation: application of an old method with new paraphernalia (Robicsek) 1991;51:330–2,HW

Carbon dioxide

Prolonged pumpless arteriovenous perfusion for carbon dioxide extraction (Awad, Deslauriers, & others) 1991;51:534–40*

Carcinoembryonic antigen

Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR

Carcinoma, bronchogenic

Bronchogenic carcinoma with chest wall invasion (Allen, Mathisen, & others) 1991;51:948–51*

Multiple primary bronchogenic carcinomas: treatment and follow-up (Fleisher, McElvaney, & Robinson) 1991;51:48–51*

Carcinoma, non-small cell lung

Aggressive surgical intervention in N2 non–small cell cancer of the lung (Watanabe, Shimizu, & others) 1991;51:253–61*

Chest wall involvement by lung cancer: computed tomographic detection and results of operation (Ratto, Piacenza, & others) 1991;151:82–7*

Carcinoma, squamous cell

Prospective, randomized trial of palliative treatment for unresectable cancer of the esophagus (Reed, Marsh, & others) 1991;51:552–6*

Squamous cell carcinoma arising in a sternotomy scar (Korula & Hughes) 1991;51:667–9,CR

Carcinosarcoma

Carcinosarcoma of the lung with hypertrophic pulmonary osteoarthropathy (Meade, Moad, & others) 1991;51:488–90,CR

Cardiac output, low

Pulmonary artery balloon counterpulsation for intraoperative right ventricular failure (Skillington, Couper, & others) 1991;51:658–60,CR

Pulmonary sequelae of prolonged total venoarterial bypass: evaluation with a new experimental model (Koul, Willen, & others) 1991;51:794–9*

Cardiac pacing, artificial

Temporary external DDD pacing after cardiac operations (Ferguson & Cox) 1991;51:723–32*

Cardiac tamponade

Misplaced caval filter and subsequent pericardial tamponade (Lahey, Meyer, & others) 1991;51:299–301,CR

Cardiomyopathy, congestive

Orthotopic cardiac transplantation in two patients with previous malignancy (Hinkamp, Sullivan, & others) 1991;51: 1004–6,CR

Cardiomyopathy, hypertrophic

Aortic regurgitation after left ventricular myotomy and myectomy (Brown, Roberts, & others) 1991;51:585–92*

Reoperation for persistent outflow obstruction in hypertrophic cardiomyopathy (Roberts, McIntosh, & others) 1991;51: 453–60*

Cardioplegia

Agglutination of blood cardioplegia by cold-reacting autoantibodies (Holman, Smith, & others) 1991;51:833–6,CR

Calcium in neonatal cardioplegia (Robinson) 1991;51:1043–4,CP; Reply (Bove & Gallagher) 1991;51;1044,CP

Continuous retrograde blood cardioplegia (Sutter, Goldman, & others) 1991;51:136–7,HW

Continuous warm blood cardioplegia (Tutassaura) 1991;51: 866,CP

Efficacy of coronary sinus cardioplegia in patients with complete coronary artery occlusion (Menasché, Subayi, & others) 1991;51:418–23*

Magnesium ion is beneficial in hypothermic crystalloid cardioplegia (Brown, Holland, & others) 1991;51:359–67*

Optimizing myocardial hypothermia: I. Temperature probe design and clinical inferences (Kinney, Daily, & Pfeffer) 1991;51:278–83*

Optimizing myocardial hypothermia: II. Cooling jacket modifications and clinical results (Daily & Kinney) 1991;51: 284–9*

Oxygenated cardioplegia: the metabolic and functional effects of glucose and insulin (Steinberg, Doherty, & others) 1991;51:620–9*

Oxygenation of cardioplegic solutions: a note of caution (Lochner, Lloyd, & Coetzee) 1991;51:777–87*

Pretreatment with nicardipine preserves ventricular function after hypothermic ischemic arrest (Brown, Parenteau, & others) 1991;51:739–46*

Retrograde continuous warm blood cardioplegia: a new concept in myocardial protection (Salerno, Houck, & others) 1991;51:245–7*

Retrograde continuous warm blood cardioplegia (Engelman) 1991;51:180–1,ED

Role of potassium concentration in cardioplegic solutions in mediating endothelial damage (Mankad, Chester, & Yacoub) 1991;51:89–93*

Superiority of retrograde cardioplegia after coronary occlusion (Haan, Lazar, & others) 1991;51:408–12*

Technique and pitfalls of retrograde continuous warm blood cardioplegia (Salerno, Christakis, & others) 1991;51:1023–5,HW

Cardiopulmonary bypass

Aprotinin reduces intraoperative and postoperative blood loss in membrane oxygenator cardiopulmonary bypass (Harder, Eijsman, & others) 1991;51:936–41*

Benefit from combining blood conservation measures in cardiac operations (Jones, Rawitscher, & others) 1991;51; 541–6*

Cardiopulmonary bypass (cont'd)
Cavoatrial tumor thrombectomy using cardiopulmonary bypass without circulatory arrest (Stewart, Carey, & others) 1991;51:717–22*
Complement activation and lung permeability during cardiopulmonary bypass (Davies, Bailey, & others) 1991;51:695–6,CP; Reply (Tennenberg) 1991;51:696,CP
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
Membrane oxygenator prevents lung reperfusion injury in canine cardiopulmonary bypass (Gu, Wang, & others) 1991;51:573–8*
Metabolism of the heart and brain during hypothermic cardiopulmonary bypass (Swain, McDonald, & others) 1991;51:103–9*
Pericardial cyst with partial erosion of the right ventricular wall (Chopra, Duke, & others) 1991;51:840–1,CR
Potential use of recombinant hirudin as an anticoagulant in a cardiopulmonary bypass model (Walenga, Bakhos, & others) 1991;51:271–7*
Procainamide-induced respiratory insufficiency after cardiopulmonary bypass (Putnam, Bolling, & Kirsh) 1991;51:482–3,CR
Prospects for understanding and eliminating the deleterious effects of cardiopulmonary bypass (Kirklin) 1991;51:529–31,ED
Pulmonary embolectomy (Beall) 1991;51:179,ED
Pulmonary embolectomy: a 20-year experience at one center (Meyer, Tamisier, & others) 1991;51:232–6*
Technique and pitfalls of retrograde continuous warm blood cardioplegia (Salerno, Christakis, & others) 1991;51:1023–5,HW

Carotid artery disease
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid artery disease (Johnsson, Algotsson, & others) 1991;51:579–84*
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid disease (Allen) 1991;51:532–3,ED

Case reports
Adenocarcinoma arising in a foregut cyst of the mediastinum (Olsen, Clemmensen, & Andersen) 1991;51:497–9,CR
Agglutination of blood cardioplegia by cold-reacting autoantibodies (Holman, Smith, & others) 1991;51:833–6,CR
Aortic atresia with normal left ventricle (Serraf, Bruniax, & others) 1991;51:1017–9,CR
Aortic atresia with normal left ventricle: one-stage repair in early infancy (Bogers, Sreeram, & others) 1991;51:312–4*
Arterial switch procedure in an adult (Trehan & Ott) 1991;51:122–4,CR
Ascites after rupture of dissecting aortic aneurysm into the right atrium (Henze, Thorelius, & others) 1991;51:125–7,CR
Blast injury to the thoracic esophagus (Guth, Gouge, & Depan) 1991;51:837–9,CR
Carcinosarcoma of the lung with hypertrophic pulmonary osteoarthropathy (Meade, Moad, & others) 1991;51:488–90,CR
Delayed death from aortic root trauma (Boruchow & Hutchins) 1991;51:315–9,CR
Dynamic cardiomyoplasty in chronic Chagas' heart disease: clinicopathological data (Rossi, Braile, & others) 1991;51:649–51,CR
Excimer laser angioplasty during aortocoronary bypass grafting (Blanche, Segalowitz, & others) 1991;51:670–2,CR
False aneurysm formation of the great arteries after arterial switch operation (Kato, Nakada, & others) 1991;51:495–6,CR
False aneurysm of the right internal mammary artery (Millner, Guvendik, & others) 1991;51:831–2,CR
Fibrosing mediastinitis with coronary artery involvement (Cochrane, Warren, & others) 1991;51:652–4,CR
Hemolysis due to branch pulmonary stenosis after the arterial switch procedure (Schroeder, Albert, & others) 1991;51:491–2,CR
Infected intravenous port device causing tricuspid valve regurgitation (Heinemann, Frank, & others) 1991;51:827–8,CR
Intraoperative echocardiography of a dislodged Björk-Shiley mitral valve disc (Tanaka, Abe, & others) 1991;51:315–6,CR
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
Intrapericardial pheochromocytoma (Chang, Lin, & others) 1991;51:661–3,CR
Late volume changes in retrosternal colon bypass (Santos) 1991;51:296–8,CR
Left ventricular aneurysm secondary to Behçet's disease (Di Eusanio, Mazzola, & others) 1991;51:131–2,CR
Left ventricular pseudoaneurysm with hemoptysis (Adkins, Laub, & others) 1991;51:476–8,CR
Liposarcoma of the esophagus (Cooper, Boucher, & others) 1991;51:1012–3,CR
Long-term follow-up of the Vineberg internal mammary artery implant procedure (Hayward, Korompai, & Knight) 1991;51:1002–3,CR
Misplaced caval filter and subsequent pericardial tamponade (Lahey, Meyer, & others) 1991;51:299–301,CR
Mitral valve replacement in idiopathic hypereosinophilic syndrome (Boustany, Murphy, & others) 1991;51:1007–9,CR
Mitral valve replacement six years after cardiac transplantation (Copeland, Rosado, & others) 1991;51:1014–6,CR
Nephrotic syndrome complicating adenocarcinoma of the lung with resolution after resection (Coltharp, Lee, & others) 1991;51:308–9,CR
New surgical approach to complicated gastroesophageal reflux disease: transthoracic parietal cell vagotomy (Landreneau, Marshall, & others) 1991;51:128–30,CR
Orthotopic cardiac transplantation in two patients with previous malignancy (Hinkamp, Sullivan, & others) 1991;51:1004–6,CR
Palliative repair of aortic atresia associated with tricuspid atresia and transposition of the great arteries (Imai, Kurosawa, & others) 1991;51:646–8,CR
Penetrating trauma involving the innominate artery (McLean & McManus) 1991;51:113–5, CR
Percutaneous transaortic closure of postinfarctional ventricular septal rupture (Hachida, Nakano, & others) 1991;51:655–7,CR
Pericardial cyst with partial erosion of the right ventricular wall (Chopra, Duke, & others) 1991;51:840–1,CR
Pneumonectomy secondary to *Mycobacterium fortuitum* in infancy (Paone, Mercer, & Glass) 1991;51:1010–1,CR
Preoperative erythropoietin in Jehovah's Witnesses who require cardiac procedures (Gaudiani & Mason) 1991;51:823–4,CR
Primary cardiac leiomyosarcomas (Antunes, Vanderdonck, & others) 1991;51:999–1001,CR
Procainamide-induced respiratory insufficiency after cardiopulmonary bypass (Putnam, Bolling, & Kirsh) 1991;51:482–3,CR

Pulmonary artery balloon counterpulsation for intraoperative right ventricular failure (Skillington, Couper, & others) 1991;51:658–60,CR
Rectus abdominis muscle flap with microvascular anastomoses for repair of recurrent sarcoma (Waris, Kaarela, & others) 1991;51:133–5,CR
Repair of posterior left ventricular aneurysm in a six-year-old boy (Grossi, Colvin, & others) 1991;51:484–7,CR
Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR
Sinus of Valsalva aneurysm eroding into the interventricular septum (Raffa, Mosieri, & others) 1991;51:996–8,CR
Spontaneous late rupture of an aortocoronary saphenous vein graft (Werthman, Sutter, & others) 1991;51:664–6,CR
Squamous cell carcinoma arising in a sternotomy scar (Korula & Hughes) 1991;51:667–9,CR
Strut fixation of an extensive flail chest (Landreneau, Hinson, & others) 1991;51:473–5,CR
Surgical management of carcinoid heart disease (Fetherston & Davis) 1991;51:493–4,CR
Surgical repair of Wolff-Parkinson-White syndrome complicated with myocardial bridging (Sueda, Matsuura, & others) 1991;51:119–21,CR
Total unilateral lung gangrene in Hodgkin's disease: treatment by thoracostomy (Juettner, Arian-Schad, & others) 1991;51:302–3,CR
Transesophageal echocardiography in acute aortic transection (Galvin, Black, & others) 1991;51:310–11,CR
Traumatic mitral valve rupture in a child (McCrory, Craig, & O'Kane) 1991;51:821–2,CR
Tricuspid valve incompetence caused by nonpenetrating thoracic trauma (Noera, Sanguinetti, & others) 1991;51:320–2,CR
Tricuspid valve papillary fibroelastoma: echocardiographic characterization (Wolfe, Finck, & others) 1991;51:116–8,CR
An unusual complication of cardiac transplantation—infected aortic pseudoaneurysm (Palac, Strausbaugh, & others) 1991;55:479–81,CR
An unusual problem during surgical removal of a broken guidewire (Maat, van Herwerden, & others) 1991;51:829–30,CR
Use of human recombinant erythropoietin to correct severe preoperative anemia (Fullerton, Campbell, & Whitman) 1991;51:825–6,CR

Catheterization
Simplified method for femoral venous cannulation (Rosenbloom & Muskett) 1991;51:846–7,HW
Single venous cannulation through the right atrium for venous return in valve operations (Balasundaram, Vega, & Duran) 1991;51:506–7,HW

Catheterization, Swan-Ganz
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
Repair of catheter-induced perforation of the pulmonary artery (Urschel & Parrott) 1991;51:1046,CP

Cefazolin
Randomized trial of one-dose versus six-dose cefazolin prophylaxis in elective general thoracic surgery (Olak, Jeyasingham, & others) 1991;51:956–8*

Cerebral embolism and thrombosis
Valve replacement in patients with endocarditis and cerebral septal emboli (Ting, Silverman, & Levitsky) 1991;51:18–22*
When do cerebral emboli appear during open heart operations? A transcranial Doppler study (van der Linden & Casimir-Ahn) 1991;51:237–41*

Cerebral infarction
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid disease (Allen) 1991;51:532–3,ED

Cerebrovascular disorders
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid disease (Allen) 1991;51:532–3,ED

Certification
Notes from the Thoracic Surgery Directors Association (Murray) 1991;51:1040–1,RE

Chagas cardiomyopathy
Dynamic cardiomyoplasty in chronic Chagas' heart disease: clinicopathological data (Rossi, Braile, & others) 1991;51:649–51,CR

Chest pain
Delayed chest wall pain due to sternal wire sutures (Eastridge, Mahfood, & others) 1991;51:56–9*

Chest tubes
Exchanging double-lumen for single-lumen endotracheal tubes after thoracotomy (Rusch, Freund, & Bowdle) 1991;51:321–4,HW

Child
Autogenous atrial tunnel for direct cavopulmonary connection in infants and small children (Perryman) 1991;51:508–10,HW
Current surgical technique to repair Fallot's tetralogy with absent pulmonary valve syndrome (Snir, de Leval, & others) 1991;51:979–82*
End-to-end repair of aortic coarctation using absorbable polydioxanone suture (Arenas, Myers, & others) 1991;51:413–7*
Growth of tracheal anastomoses: advantage of absorbable interrupted sutures (McKeown, Tsuboi, & others) 1991;51:636–41*
New technique for pacemaker implantation in the upper chest of children and women (Molina) 1991;51:992–5*
Repair of posterior left ventricular aneurysm in a six-year-old boy (Grossi, Colvin, & others) 1991;51:484–7,CR
Replacement of the aortic valve or root with a pulmonary autograft in children (Gerosa, McKay, & Ross) 1991;51:424–9*
Traumatic mitral valve rupture in a child (McCrory, Craig, & O'Kane) 1991;51:821–2,CR

Cholecystectomy
Erythropoietin deficiency after coronary artery bypass procedures (Levine, Rosen, & others) 1991;51:764–6*

Cicatrix
Squamous cell carcinoma arising in a sternotomy scar (Korula & Hughes) 1991;51:667–9,CR

Circulation
Brain protection during circulatory arrest (Crittenden, Roberts, & others) 1991:51;942–7*

Classics in thoracic surgery
Atrioventricular valve replacement with a Hancock porcine xenograft (Cohn) 1991;51:683–5,CL
Christiaan Barnard's contribution to the surgical treatment of Ebstein's malformation (Kirklin) 1991;51:147–51,CL
Evolution of therapy in pharyngoesophageal (Zenker's) diverticulum (Ferguson) 1991;51:848–52,CL
The Fontan procedure: a historical review (Cowgill) 1991;51:1026–30,CL
Jatene's arterial repair for transposition of the great vessels (Dunn) 1991;51:511–4,CL
The Starr valve revisited (Pluth) 1991;51:333–4,CL

Cold
Agglutination of blood cardioplegia by cold-reacting autoantibodies (Holman, Smith, & others) 1991;51:833–6,CR
Improved lung preservation with cold air storage (Kon, Hines, & others) 1991;51:557–62*
Collateral circulation
Staged repair of pulmonary atresia with ventricular septal defect and major systemic to pulmonary artery collaterals (Iyer & Mee) 1991;51:65–72*
Collective reviews
Airway complications in relapsing polychondritis (Eng & Sabanathan) 1991;51:686–92,CT
Fistulas between the aorta and tracheobronchial tree (MacIntosh, Parrot, & Unruh) 1991;51:515–9,CT
Colon and rectal surgery
Late volume changes in retrosternal colon bypass (Santos) 1991;51:296–8,CR
Complement
Complement activation and lung permeability during cardiopulmonary bypass (Davies, Bailey, & others) 1991;51:695–6,CP; Reply (Tennenberg) 1991;51:696,CP
Computed tomography. *See* Tomography, computed
Coronary artery bypass
Aspirin and blood loss (Violaris & Angelini) 1991;51:693,CP; Reply (Taggart, Siddiqui, & Wheatley) 1991;51:693–4,CP
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid artery disease (Johnsson, Algotsson, & others) 1991;51:579–84*
Cardiopulmonary perfusion and cerebral blood flow in bilateral carotid disease (Allen) 1991;51:532–3,ED
Coronary artery bypass grafting in patients with calcified aorta (Arsiwala, Bedi, & others) 1991;51:348,CP; Reply (Suma) 1991;51:348,CP
Coronary bypass grafting with totally calcified or acutely dissected ascending aorta (Peigh, DiSesa, & others) 1991;51:102–3*
Coronary pathology predicts conduction disturbances after coronary artery bypass grafting (Mosseri, Meir, & others) 1991;51:248–52*
Electrocardiography in postbypass patients (Stubington & Malcolm) 1991;51:867,CP
Emergency aortocoronary bypass after failed angioplasty (Greene, Gray, & others) 1991;51:194–9*
Erythropoietin deficiency after coronary artery bypass procedures (Levine, Rosen, & others) 1991;51:764–6*
Excimer laser angioplasty during aortocoronary bypass grafting (Blanche, Segalowitz, & others) 1991;51:670–2,CR
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
Mitral valve replacement combined with coronary artery operation: determinants of early and late results (He, Hughes, & others) 1991;51:916–23*
Morbidity and mortality after coronary artery bypass in octogenarians (Tsai, Nessim, & others) 1991;51:983–6*
Nifedipine after coronary bypass grafting (Nathan) 1991;51:693,CP
Patch aortotomy for aortic valve replacement after previous coronary artery bypass grafting (Sindhi, Belisle, & others) 1991;51:676–7,HW
Pneumonia after coronary artery bypass grafting: a case for continued evaluation (Tuteur) 1991;51:177–8,ED
Risk factors for nosocomial pneumonia after coronary artery bypass graft operations (Gaynes, Bizek, & others) 1991;51:215–8*
Technique for use of the inferior epigastric artery as a coronary bypass graft (Mills & Everson) 1991;51:208–14*
Coronary disease
Combined myocardial revascularization and abdominal aortic aneurysm repair (Hinkamp, Pifarre, & others) 1991;51:470–2*
Coronary pathology predicts conduction disturbances after coronary artery bypass grafting (Mosseri, Meir, & others) 1991;51:248–52*
Efficacy of coronary sinus cardioplegia in patients with complete coronary artery occlusion (Menasché, Subayi, & others) 1991;51:418–23*
Emergency aortocoronary bypass after failed angioplasty (Greene, Gray, & others) 1991;51:194–9*
Fibrosing mediastinitis with coronary artery involvement (Cochrane, Warren, & others) 1991;51:652–4,CR
Long-term follow-up of the Vineberg internal mammary artery implant procedure (Hayward, Korompai, & Knight) 1991;51:1002–3,CR
Superiority of retrograde cardioplegia after coronary occlusion (Haan, Lazar, & others) 1991;51:408–12*
Surgical repair of Wolff-Parkinson-White syndrome complicated with myocardial bridging (Sueda, Matsuura, & others) 1991;51:119–21,CR
Coronary vessels
Comparison of postoperative complications between saphenous vein and IMA grafts to left anterior descending coronary artery (Sethi, Copeland, & others) 1991;51:733–8*
Correction
"Cancer recurrence after resection: T1 N0 non–small cell lung cancer" (Thomas & Rubenstein) 1991;51:526,CP
Correspondence
Acute vascular trauma (Tutassaura) 1991;51:1044–5,CP

Mitral valve suture techniques (Lemmer) 1991;51:865,CP; Reply (Heath) 1991;51:866,CP
Nifedipine after coronary bypass grafting (Nathan) 1991;51:693,CP
Nonsurgical treatment of carcinoid heart disease (Cheng) 1991;51:1046–7,CP
Optimal age for repair of aortic coarctation (van Son, Daniëls, & Lacquet) 1991;51:344–5,CP
Pharmacological response of internal mammary artery and gastroepiploic artery (van Son & Smedts) 1991;51:864,CP; Reply (Koike & Suma) 1991;51:864–5,CP
Reinforcement of pulmonary parenchymal suture (Vincent) 1991;51:523–4,CP
Repair of catheter-induced perforation of the pulmonary artery (Urschel & Parrott) 1991;51:1046,CP
Risk of reintervention after coarctation repair (van Son & Lacquet) 1991;51:521,CP; Reply (Kron) 1991;51:522,CP
Single drain (pleura, pericardium, mediastinum) after open heart operations (Victor & Kabeer) 1991;51:345–6,CP; Reply (Moulijn, Smulders, & others) 1991;51:346,CP
Staging lung cancer with computed tomography (Goldstraw) 1991;51:345,CP; Reply (Lewis) 1991;51:345,CP
Symposium on thoracic surgical oncology (Pass) 1991;51:163,CP
Traumatic aortic insufficiency (Bex, Grande, & Deveze) 1991;51:694–5,CP
Uncomfortable issues (Bilfinger) 1991;51:347,CP; Reply (Edmunds) 1991;51:347–8,CP
Use of right gastroepiploic artery as a coronary artery bypass graft (van Son) 1991;51:1042,CP
Ventricular perforation with valvoplasty (Smith) 1991;51:1042–3,CP; Reply (Robertson) 1991;51:1043,CP

Counterpulsation
Pulmonary artery balloon counterpulsation for intraoperative right ventricular failure (Skillington, Couper, & others) 1991;51:658–60,CR

Cryosurgery
Closed heart cryoablation of the His bundle using an anterior septal approach (Louagie, Guiraudon, & others) 1991;51:616–9*

Current reviews
Bronchoalveolar lavage in lung transplantation (Shennib & Nguyen) 1991;51:335–40,CV
Prolonged preservation of canine lung allografts: the role of prostaglandins (Novick, Reid, & others) 1991;51:853–9,CV
Supravalvar aortic stenosis: a 29-year review of surgical experience (Sharma, Fujiwara, & others) 1991,51:1031–9,CV
Thymoma: results of 241 operated cases (Maggi, Casadio, & others) 1991;51:152–6,CV

Cyclophosphamide
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*

Cyclosporins
Hemodynamics versus biopsy findings during cardiac transplant rejection (Bolling, Putnam, & others) 1991;51:52–5*
The safety of low-dose prednisone before and immediately after heart-lung transplantation (Novick, Menkis, & others) 1991;51:642–5*

Cytology
Intraoperative pleural lavage cytology in lung cancer patients (Okumura, Ohshima, & others) 1991;51:599–604*

Dacarbazine
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*

Debridement
Thoracoscopic debridement and pleural irrigation in the management of empyema thoracis (Ridley & Braimbridge) 1991;51:461–4*

Digoxin
Prevention of arrhythmias after noncardiac thoracic operations: flecainide versus digoxin (Borgeat, Petropoulos, & others) 1991;51:964–8*

Dimethylthiourea
Enhanced pulmonary function using dimethylthiourea for twelve-hour lung preservation (Lambert, Egan, & others) 1991;51:924–30*

Dissection
Cervical lymph node dissection for thoracic esophageal cancer (Skinner) 1991;51:884–5,ED
Coronary bypass grafting with totally calcified or acutely dissected ascending aorta (Peigh, DiSesa, & others) 1991;51:102–3*
Dissectors for pulmonary thromboendarterectomy (Daily, Dembitsky, & Daily) 1991;51:842–3,HW
Evaluation of neck lymph node dissection for thoracic esophageal carcinoma (Kato, Watanabe, & others) 1991;51:931–5*
Management of aortic insufficiency in chronic aortic dissection (Pêgo-Fernandes, Stolf, & others) 1991;51:438–42*

Diverticulum
Evolution of therapy in pharyngoesophageal (Zenker's) diverticulum (Ferguson) 1991;51:848–52,CL
Repair of posterior left ventricular aneurysm in a six-year-old boy (Grossi, Colvin, & others) 1991;51:484–7,CR

Dog
Amiodarone versus bretylium for suppression of reperfusion arrhythmias in dogs (Rosalion, Snow, & others) 1991;51:81–5*
Membrane oxygenator prevents lung reperfusion injury in canine cardiopulmonary bypass (Gu, Wang, & others) 1991;51:573–8*
Prolonged preservation of canine lung allografts: the role of prostaglandins (Novick, Reid, & others) 1991;51:853–9,CV

Dopamine
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51:262–70*

Double-outlet left ventricle
Double-outlet left ventricle—long survival after surgical correction (Dadourian, Perloff, & others) 1991;51:159–60,CP
Double-outlet right ventricle
Fibrous skeleton and ventricular outflow tracts in double-outlet right ventricle (Howell, Ho, & others) 1991;51:394–400*
Doxorubicin
Orthotopic cardiac transplantation in two patients with previous malignancy (Hinkamp, Sullivan, & others) 1991;51:1004–6,CR
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*
Drainage
Empyema thoracis: 14-year experience in a teaching center (Smith, Mullerworth, & others) 1991;51:39–42*
Single drain (pleura, pericardium, mediastinum) after open heart operations (Victor & Kabeer) 1991;51:345–6,CP; Reply (Moulijn, Smulders, & others) 1991;51:346,CP
Drug therapy
Primary cardiac sarcomas (Putnam, Sweeney, & others) 1991;51:906–10*
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*

Ebstein's anomaly
Christiaan Barnard's contribution to the surgical treatment of Ebstein's malformation (Kirklin) 1991;51:147–51,CL
Echocardiography
Intraoperative echocardiography of a dislodged Björk-Shiley mitral valve disc (Tanaka, Abe, & others) 1991;51:315–6,CR
Transesophageal echocardiography in acute aortic transection (Galvin, Black, & others) 1991;51:310–11,CR
Tricuspid valve papillary fibroelastoma: echocardiographic characterization (Wolfe, Finck, & others) 1991;51:116–8,CR
Echocardiography, Doppler
Right pulmonary artery obstruction after pulmonary artery banding (Robertson, Penkoske, & Duncan) 1991;51:73–5*
Editorials
Art and science in the management of endocarditis (DiSesa) 1991;51:6–7,ED

Training for cardiac surgery in children and adults (Kirklin) 1991;51:812–3,ED
What next in cardiothoracic training? (Benfield) 1991;51:820,ED
Elastin
Pulmonary hypertension and polymorphonuclear leukocyte elastase after esophageal cancer operations (Sato, Murakami, & others) 1991;51:754–8*
Electric countershock
Electrocautery does not interfere with the function of the automatic implantable cardioverter defibrillator (Wilson, Lattner, & others) 1991;51:225–6*
Silicone pouch for protection of automatic implantable cardioverter-defibrillator leads (Cilley, Cernaianu, & others) 1991;51:504–5,HW
Electrocardiography
Electrocardiography in postbypass patients (Stubington & Malcolm) 1991;51:867,CP
Electrocoagulation
Electrocautery does not interfere with the function of the automatic implantable cardioverter defibrillator (Wilson, Lattner, & others) 1991;51:225–6*
Surgical treatment of the Wolff-Parkinson-White syndrome by epicardial electrical ablation (Bockeria, Kupatadze, & others) 1991;51:563–72*
Embolism, air
When do cerebral emboli appear during open heart operations? A transcranial Doppler study (van der Linden & Casimir-Ahn) 1991;51:237–41*
Empyema
Empyema and bronchopleural fistula (Pairolero, Trastek, & Allen) 1991;51:157–8,KR
Empyema thoracis: 14-year experience in a teaching center (Smith, Mullerworth, & others) 1991;51:39–42*
Thoracoscopic debridement and pleural irrigation in the management of empyema thoracis (Ridley & Braimbridge) 1991;51:461–4*
Endarterectomy
Dissectors for pulmonary thromboendarterectomy (Daily, Dembitsky, & Daily) 1991;51:842–3,HW

Endocarditis
Art and science in the management of endocarditis (DiSesa) 1991;51:6–7,ED
Tricuspid valve repair for tricuspic valve endocarditis: tricuspid valve "recycling" (Allen, Slachman, & others) 1991;51: 593–8*
Valve replacement in patients with endocarditis and cerebral septal emboli (Ting, Silverman, & Levitsky) 1991;51:18–22*
Endothelium
Endothelial cell viability in the rat aortic wall (Christy, Lupinetti, & others) 1991;51:204–7*
Role of potassium concentration in cardioplegic solutions in mediating endothelial damage (Mankad, Chester, & Yacoub) 1991;51:89–93*
Endothelium-derived contracting factor
Production of endothelium-derived contracting factor is enhanced after coronary reperfusion (Pearson & Lin) 1991; 51:788–93*
Energy metabolism
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51: 262–70*
Eosinophilia
Mitral valve replacement in idiopathic hypereosinophilic syndrome (Boustany, Murphy, & others) 1991;51:1007–9,CR
Ergonovine
Pharmacological response of internal mammary artery and gastroepiploic artery (van Son & Smedts) 1991;51:864,CP; Reply (Koike & Suma) 1991;51:864–5,CP
Erythropoietin
Autologous blood transfusion with recombinant human erythropoietin in heart operations (Watanabe, Fuse, & others) 1991;51:767–72*
Erythropoietin deficiency after coronary artery bypass procedures (Levine, Rosen, & others) 1991;51:764–6*
A new era in blood conservation (Goodnough & Geha) 1991; 51;703–4,ED
Preoperative erythropoietin in Jehovah's Witnesses who require cardiac procedures (Gaudiani & Mason) 1991;51:823–4,CR
Use of human recombinant erythropoietin to correct severe preoperative anemia (Fullerton, Campbell, & Whitman) 1991;51:825–6,CR
Esophageal diverticulum
Evolution of therapy in pharyngoesophageal (Zenker's) diverticulum (Ferguson) 1991;51:848–52,CL
Esophageal neoplasms
Esophageal malignancies: is preoperative radiotherapy the way to go? (Yadava, Hodge, & others) 1991;51:189–93*
Evaluation of neck lymph node dissection for thoracic esophageal carcinoma (Kato, Watanabe, & others) 1991;51: 931–5*
Gastric emptying after gastric interposition for cancer of the esophagus or hypopharynx (Morton, Karwande, & others) 1991;51:759–63*
Liposarcoma of the esophagus (Cooper, Boucher, & others) 1991;51:1012–3,CR
Prospective, randomized trial of palliative treatment for unresectable cancer of the esophagus (Reed, Marsh, & others) 1991;51:552–6*
Pulmonary hypertension and polymorphonuclear leukocyte elastase after esophageal cancer operations (Sato, Murakami, & others) 1991;51:754–8*
Esophageal perforation
New technique of esophageal exclusion for chronic esophageal perforation (Lee, Lee, & Chu) 1991;51:1020–2,HW
Esophagogastrectomy
Esophagogastrectomy via left thoracotomy (Behl) 1991;51: 163,CP; Reply (Donnelly) 1991;51:163,CP
Esophagostomy
New technique of esophageal exclusion for chronic esophageal perforation (Lee, Lee, & Chu) 1991;51:1020–2,HW
Esophagus
Blast injury to the thoracic esophagus (Guth, Gouge, & Depan) 1991;51:837–9,CR
Cervical lymph node dissection for thoracic esophageal cancer (Skinner) 1991;51:884–5,ED
Intrathoracic Nissen fundoplication: long-term clinical and pH monitoring evaluation (Collard, Konick, & others) 1991;51: 34–8*
Late volume changes in retrosternal colon bypass (Santos) 1991;51:296–8,CR

Fatty acid, nonesterified
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51: 262–70*
Femoral artery
Might free arterial grafts fail due to spasm? (Massa, Johansson, & others) 1991;51:94–101*
Femoral vein
Simplified method for femoral venous cannulation (Rosenbloom & Musket) 1991;51:846–7,HW
Fibrin tissue adhesive
Intrathoracic fibrin glue for postoperative pleuropulmonary fistula (Yasada, Mori, & others) 1991;51:242–3*
Fibrosis
Fibrosing mediastinitis with coronary artery involvement (Cochrane, Warren, & others) 1991;51:652–4,CR
Filtration
Misplaced caval filter and subsequent pericardial tamponade (Lahey, Meyer, & others) 1991;51:299–301,CR
Fistula
Ascites after rupture of dissecting aortic aneurysm into the right atrium (Henze, Thorelius, & others) 1991;51:125–7,CR
Congenital bronchoesophageal fistula (Parry & Juma) 1991;51: 346,CP; Reply (Risher, Arensman, & Ochsner) 1991;51: 346–7,CP
Empyema and bronchopleural fistula (Pairolero, Trastek, & Allen) 1991;51:157–8,KR
Fistulas between the aorta and tracheobronchial tree (MacIntosh, Parrot, & Unruh) 1991;51:515–9,CT
Gastrotracheal fistula as a result of radiotherapy after transhiatal esophagectomy (Paç, Başoğlu, & others) 1991;51:696–7,CP; Reply (Kron) 1991;51:697,CP
Intrathoracic fibrin glue for postoperative pleuropulmonary fistula (Yasada, Mori, & others) 1991;51:242–3*
Flecainide
Prevention of arrhythmias after noncardiac thoracic operations: flecainide versus digoxin (Borgeat, Petropoulos, & others) 1991;51:964–8*
Fluorescein angiography
Intraoperative coronary angiography using fluorescein (Takayama, Wanibuchi, & others) 1991;51:140–3,HW

Foreign bodies
Tricuspid valve repair for tricuspic valve endocarditis: tricuspid valve "recycling" (Allen, Slachman, & others) 1991;51: 593–8*
Free radicals
Enhanced pulmonary function using dimethylthiourea for twelve-hour lung preservation (Lambert, Egan, & others) 1991;51:924–30*
Reducing postischemic paraplegia using conjugated superoxide dismutase (Agee, Flanagan, & others) 1991;51:911–5*

Gangrene
Total unilateral lung gangrene in Hodgkin's disease: treatment by thoracostomy (Juettner, Arian-Schad, & others) 1991; 51:302–3,CR
Gastric emptying
Gastric emptying after gastric interposition for cancer of the esophagus or hypopharynx (Morton, Karwande, & others) 1991;51:759–63*
Gastroepiploic artery
Pharmacological response of internal mammary artery and gastroepiploic artery (van Son & Smedts) 1991;51:864,CP; Reply (Koike & Suma) 1991;51:864–5,CP
Use of right gastroepiploic artery as a coronary artery bypass graft (van Son) 1991;51:1042,CP
Gastroesophageal reflux
New surgical approach to complicated gastroesophageal reflux disease: transthoracic parietal cell vagotomy (Landreneau, Marshall, & others) 1991;51:128–30,CR
Geriatrics
Hospital mortality and long-term survival after pulmonary resection in the elderly (Roxburgh, Thompson, & Goldstraw) 1991;51:800–3*
Morbidity and mortality after coronary artery bypass in octogenarians (Tsai, Nessim, & others) 1991;51:983–6*
Postcardiotomy mechanical circulatory support in the elderly (Wareing & Kouchoukos) 1991;51:441–7*
Thoracotomy in the octogenarian (Naunheim, Kesler, & others) 1991;51:547–51*
Uncomfortable issues (Bilfinger) 1991;51:347,CP; Reply (Edmunds) 1991;51:347–8,CP
Glucose
Could glucose-insulin-potassium be considered only a step of a complete nutritional program for complicated cardiac patients? (Paccagnella, Simini, & Valfré)1991;51:344,CP
Oxygenated cardioplegia: the metabolic and functional effects of glucose and insulin (Steinberg, Doherty, & others) 1991;51:620–9*
Glyceryl trinitrate
Role of potassium concentration in cardioplegic solutions in mediating endothelial damage (Mankad, Chester, & Yacoub) 1991;51:89–93*
Graft
Bronchoalveolar lavage in lung transplantation (Shennib & Nguyen) 1991;51:335–40,CV
Comparison of postoperative complications between saphenous vein and IMA grafts to left anterior descending coronary artery (Sethi, Copeland, & others) 1991;51:733–8*
Coronary bypass grafting with totally calcified or acutely dissected ascending aorta (Peigh, DiSesa, & others) 1991; 51:102–3*
Endothelial cell viability in the rat aortic wall (Christy, Lupinetti, & others) 1991;51:204–7*
Mammary artery grafts: a new no-touch technique for anastomosis (Galvin) 1991;51:500–3,HW
Prolonged preservation of canine lung allografts: the role of prostaglandins (Novick, Reid, & others) 1991;51:853–9,CV
Spontaneous late rupture of an aortocoronary saphenous vein graft (Werthman, Sutter, & others) 1991;51:664–6,CR
Graft rejection
Phenotypic expression of bronchoalveolar lavage cells in lung rejection and infection (Shennib, Nguyen, & others) 1991; 51:630–5*
Graft survival
Might free arterial grafts fail due to spasm? (Massa, Johansson, & others) 1991;51:94–101*

Heart aneurysm
Left ventricular pseudoaneurysm with hemoptysis (Adkins, Laub, & others) 1991;51:476–8,CR
Heart-assist devices
Mechanical circulatory assistance after heart transplantation (Emery, Eales, & others) 1991;51:43–7*
Heart atrium
Combined superior-transseptal approach to the left atrium (Berreklouw, Ercan, & Schönberger) 1991;51:293–5*
Intrapericardial pheochromocytoma (Chang, Lin, & others) 1991;51:661–3,CR
Heart conduction system
Closed heart cryoablation of the His bundle using an anterior septal approach (Louagie, Guiraudon, & others) 1991;51: 616–9*
Coronary pathology predicts conduction disturbances after coronary artery bypass grafting (Mosseri, Meir, & others) 1991;51:248–52*
Heart defects, congenital. *See* Abnormalities
Heart failure, congestive
Pulmonary artery balloon counterpulsation for intraoperative right ventricular failure (Skillington, Couper, & others) 1991;51:658–60,CR
Surgical management of carcinoid heart disease (Fetherston & Davis) 1991;51:493–4,CR
Heart injuries
Penetrating cardiac injuries (Attar, Suter, & others) 1991;51: 711–6*
Penetrating cardiac injuries—a look to the future (Follette) 1991;51:701–2,ED
Heart-lung transplantation
The safety of low-dose prednisone before and immediately after heart-lung transplantation (Novick, Menkis, & others) 1991;51:642–5*
Heart neoplasms
Primary cardiac leiomyosarcomas (Antunes, Vanderdonck, & others) 1991;51:999–1001,CR
Primary cardiac sarcomas (Putnam, Sweeney, & others) 1991; 51:906–10*
Surgical management of carcinoid heart disease (Fetherston & Davis) 1991;51:493–4,CR
Tricuspid valve papillary fibroelastoma: echocardiographic characterization (Wolfe, Finck, & others) 1991;51:116–8,CR
Heart rupture
Comparison of supraannular and subannular pledgeted sutures in mitral valve replacement (Chambers & Heath) 1991;51:60–3*
Heart septal defects
New operative method for distal aortopulmonary septal defect (Kitagawa, Katoh, & others) 1991;51:680–2,HW
Heart septal defects, atrial
Alternative technique for repair of sinus venosus atrial septal defect (Hamilton, Brooks, & Walker) 1991;51:144–6,HW

Heart septal defects, ventricular
Aortic atresia with normal left ventricle (Serraf, Bruniax, & others) 1991;51:1017–9,CR
Arterial switch procedure in an adult (Trehan & Ott) 1991;51: 122–4,CR
Fibrous skeleton and ventricular outflow tracts in double-outlet right ventricle (Howell, Ho, & others) 1991;51:394–400*
Percutaneous transaortic closure of postinfarctional ventricular septal rupture (Hachida, Nakano, & others) 1991;51:655–7,CR
Staged repair of pulmonary atresia with ventricular septal defect and major systemic to pulmonary artery collaterals (Iyer & Mee) 1991;51:65–72*
Unifocalization for pulmonary atresia with ventricular septal defect (Puga) 1991;51:8–9,ED
Heart septum
The Senning operation: a new technique to prepare the septal flap (Assad, Felipe, & others) 1991;51:678–9,HW
Sinus of Valsalva aneurysm eroding into the interventricular septum (Raffa, Mosieri, & others) 1991;51:996–8,CR
Heart surgery
Aortic atresia with normal left ventricle (Serraf, Bruniax, & others) 1991;51:1017–9,CR
Aortic regurgitation after left ventricular myotomy and myectomy (Brown, Roberts, & others) 1991;51:585–92*
Autogenous atrial tunnel for direct cavopulmonary connection in infants and small children (Perryman) 1991;51:508–10,HW
Autologous blood transfusion with recombinant human erythropoietin in heart operations (Watanabe, Fuse, & others) 1991;51:767–72*
Benefit from combining blood conservation measures in cardiac operations (Jones, Rawitscher, & others) 1991;51; 541–6*
Cardiorespiratory responses to hypertonic saline solution in cardiac operations (Boldt, Zickmann, & others) 1991;51: 610–5*
Combined superior-transseptal approach to the left atrium (Berreklouw, Ercan, & Schönberger) 1991;51:293–5*
Comparison of hemodynamics and ejection fraction during left heart bypass (Sekela, Verani, & Noon) 1991;51:804–6*
Current surgical technique to repair Fallot's tetralogy with absent pulmonary valve syndrome (Snir, de Leval, & others) 1991;51:979–82*
Delayed sternal closure for life-threatening complications in cardiac operations: an update (Mestres, Pomar, & others) 1991;51:773–6*
Diagnosis of poststernotomy infection: comparison of three means of assessment (Browdie, Bernstein, & others) 1991; 51:290–2*
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51: 262–70*
Dynamic cardiomyoplasty in chronic Chagas' heart disease: clinicopathological data (Rossi, Braile, & others) 1991;51: 649–51,CR
The Fontan procedure: a historical review (Cowgill) 1991;51: 1026–30,CL
Hemi-Fontan operation in surgery for single ventricle: a preliminary report (Douville, Sade, & Fyfe) 1991;51:893–900*
Hemolysis after valve repair (Bloom, Goldman, & others) 1991;51:526,CP
Hypertrophy of nodules of Arantius and aortic insufficiency: pathophysiology and repair (Shapira, Fernandez, & others) 1991;51:969–72*
Long-term results after atrial correction of complete transposition of the great arteries (Merlo, De Tommasi, & others) 1991;51:227–31*
Palliation of univentricular heart without increasing work (Lamberti) 1991;51:882–3,ED
Patch aortotomy for aortic valve replacement after previous coronary artery bypass grafting (Sindhi, Belisle, & others) 1991;51:676–7,HW
Percutaneous transaortic closure of postinfarctional ventricular septal rupture (Hachida, Nakano, & others) 1991;51:655–7,CR
Postcardiotomy mechanical circulatory support in the elderly (Wareing & Kouchoukos) 1991;51:441–7*
Preoperative erythropoietin in Jehovah's Witnesses who require cardiac procedures (Gaudiani & Mason) 1991;51:823–4,CR
Pulmonary sequelae of prolonged total venoarterial bypass: evaulation with a new experimental model (Koul, Willen, & others) 1991;51:794–9*
Reoperation for persistent outflow obstruction in hypertrophic cardiomyopathy (Roberts, McIntosh, & others) 1991;51: 453–60*
Risk factors for cardiac operations in adult Jehovah's Witnesses (Lewis, Murphy, & Cooley) 1991;51:448–50*
Risk of reintervention after coarctation repair (van Son & Lacquet) 1991;51:521,CP; Reply (Kron) 1991;51:522,CP
The Senning operation: a new technique to prepare the septal flap (Assad, Felipe, & others) 1991;51:678–9,HW
Single drain (pleura, pericardium, mediastinum) after open heart operations (Victor & Kabeer) 1991;51:345–6,CP; Reply (Moulijn, Smulders, & others) 1991;51:346,CP
Single venous cannulation through the right atrium for venous return in valve operations (Balasundaram, Vega, & Duran) 1991;51:506–7,HW
Six different hemofiltration devices for blood conservation in cardiac surgery (Boldt, Zickmann, & others) 1991;51:747–53*
Supravalvar aortic stenosis: a 29–year review of surgical experience (Sharma, Fujiwara, & others) 1991,51:1031–9,CV
Supravalvar aortic stenosis (Doty); 1991;51:886–7,ED
Surgical management of carcinoid heart disease (Fetherston & Davis) 1991;51:493–4,CR
Temporary external DDD pacing after cardiac operations (Ferguson & Cox) 1991;51:723–32*
Tricuspid valve repair for tricuspic valve endocarditis: tricuspid valve "recycling" (Allen, Slachman, & others) 1991;51: 593–8*
Uncomfortable issues (Bilfinger) 1991;51:347,CP; Reply (Edmunds) 1991;51:347–8,CP
When do cerebral emboli appear during open heart operations? A transcranial Doppler study (van der Linden & Casimir-Ahn) 1991;51:237–41*
Heart transplantation
Hemodynamics versus biopsy findings during cardiac transplant rejection (Bolling, Putnam, & others) 1991;51:52–5*
Heterotopic heart transplantation and native heart ventricular arrhythmias (Kotliar, Smart, & others) 1991;51:987–91*
Mechanical circulatory assistance after heart transplantation (Emery, Eales, & others) 1991;51:43–7*
Mitral valve replacement six years after cardiac transplantation (Copeland, Rosado, & others) 1991;51:1014–6,CR

Heart transplantation (cont'd)
Orthotopic cardiac transplantation in two patients with previous malignancy (Hinkamp, Sullivan, & others) 1991;51:1004–6,CR
An unusual complication of cardiac transplantation—infected aortic pseudoaneurysm (Palac, Strausbaugh, & others) 1991;55:479–81,CR
Heart valve prosthesis
Atrioventricular valve replacement with a Hancock porcine xenograft (Cohn) 1991;51:683–5,CL
Binding of preformed xenoantibodies to porcine bioprosthetic valves (Sanchez, Marboe, & others) 1991;51:30–3*
Christiaan Barnard's contribution to the surgical treatment of Ebstein's malformation (Kirklin) 1991;51:147–51,CL
Comparison of supraannular and subannular pledgeted sutures in mitral valve replacement (Chambers & Heath) 1991;51:60–3*
Endothelial cell viability in the rat aortic wall (Christy, Lupinetti, & others) 1991;51:204–7*
Failure of Hancock pericardial xenografts: is prophylactic bioprosthetic replacement justified? (Bortolotti, Milano, & others) 1991;51:430–7*
The first mitral valve replacement (Norman) 1991;51:525–6,CP
Intraoperative echocardiography of a dislodged Björk-Shiley mitral valve disc (Tanaka, Abe, & others) 1991;51:315–6,CR
Long-term results of Ionescu-Shiley valve in the tricuspid position (Eng, Ravichandran, & others) 1991;51:200–3*
Management of aortic insufficiency in chronic aortic dissection (Pêgo-Fernandes, Stolf, & others) 1991;51:438–42*
Mitral valve replacement combined with coronary artery operation: determinants of early and late results (He, Hughes, & others) 1991;51:916–23*
Mitral valve replacement in idiopathic hypereosinophilic syndrome (Boustany, Murphy, & others) 1991;51:1007–9,CR
Mitral valve replacement six years after cardiac transplantation (Copeland, Rosado, & others) 1991;51:1014–6,CR
Patch aortotomy for aortic valve replacement after previous coronary artery bypass grafting (Sindhi, Belisle, & others) 1991;51:676–7,HW
Reoperation for persistent outflow obstruction in hypertrophic cardiomyopathy (Roberts, McIntosh, & others) 1991;51:453–60*
The Starr valve revisited (Pluth) 1991;51:333–4,CL
Traumatic mitral valve rupture in a child (McCrory, Craig, & O'Kane) 1991;51:821–2,CR
Valve replacement in patients with endocarditis and cerebral septal emboli (Ting, Silverman, & Levitsky) 1991;51:18–22*
Valve re-replacement in the asymptomatic patient (Cohn) 1991;51:357–8,ED
When do cerebral emboli appear during open heart operations? A transcranial Doppler study (van der Linden & Casimir-Ahn) 1991;51:237–41*
Heart ventricle
Aortic atresia with normal left ventricle: one-stage repair in early infancy (Bogers, Sreeram, & others) 1991;51:312–4*
Aortic regurgitation after left ventricular myotomy and myectomy (Brown, Roberts, & others) 1991;51:585–92*
Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*
Fibrous skeleton and ventricular outflow tracts in double-outlet right ventricle (Howell, Ho, & others) 1991;51:394–400*
The Fontan procedure: a historical review (Cowgill) 1991;51:1026–30,CL
Hemi-Fontan operation in surgery for single ventricle: a preliminary report (Douville, Sade, & Fyfe) 1991;51:893–900*
Left ventricular pseudoaneurysm with hemoptysis (Adkins, Laub, & others) 1991;51:476–8,CR
Palliation of univentricular heart without increasing work (Lamberti) 1991;51:882–3,ED
Pericardial cyst with partial erosion of the right ventricular wall (Chopra, Duke, & others) 1991;51:840–1,CR
Pretreatment with nicardipine preserves ventricular function after hypothermic ischemic arrest (Brown, Parenteau, & others) 1991;51:739–46*
Repair of posterior left ventricular aneurysm in a six-year-old boy (Grossi, Colvin, & others) 1991;51:484–7,CR
Ventricular perforation with valvoplasty (Smith) 1991;51:1042–3,CP; Reply (Robertson) 1991;51:1043,CP
Hematocrit
Erythropoietin deficiency after coronary artery bypass procedures (Levine, Rosen, & others) 1991;51:764–6*
Hemodynamics
Comparison of hemodynamics and ejection fraction during left heart bypass (Sekela, Verani, & Noon) 1991;51:804–6*
Hemodynamics versus biopsy findings during cardiac transplant rejection (Bolling, Putnam, & others) 1991;51:52–5*
Heterotopic heart transplantation and native heart ventricular arrhythmias (Kotliar, Smart, & others) 1991;51:987–91*
Pulmonary sequelae of prolonged total venoarterial bypass: evaulation with a new experimental model (Koul, Willen, & others) 1991;51:794–9*
Staged repair of pulmonary atresia with ventricular septal defect and major systemic to pulmonary artery collaterals (Iyer & Mee) 1991;51:65–72*
Hemofiltration
Six different hemofiltration devices for blood conservation in cardiac surgery (Boldt, Zickmann, & others) 1991;51:747–53*
Hemolysis
Hemolysis after valve repair (Bloom, Goldman, & others) 1991;51:526,CP
Hemolysis due to branch pulmonary stenosis after the arterial switch procedure (Schroeder, Albert, & others) 1991;51:491–2,CR
Hemoptysis
Left ventricular pseudoaneurysm with hemoptysis (Adkins, Laub, & others) 1991;51:476–8,CR
Hemorrhage
Aspirin and blood loss (Violaris & Angelini) 1991;51:693,CP; Reply (Taggart, Siddiqui, & Wheatley) 1991;51:693–4,CP
False aneurysm formation of the great arteries after arterial switch operation (Kato, Nakada, & others) 1991;51:495–6,CR
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
Management of endobronchial hemorrhage (Feng & Singh) 1991;51:1045–6,CP
Use of human recombinant erythropoietin to correct severe preoperative anemia (Fullerton, Campbell, & Whitman) 1991;51:825–6,CR
Hemostasis
Aprotinin reduces intraoperative and postoperative blood loss in membrane oxygenator cardiopulmonary bypass (Harder, Eijsman, & others) 1991;51:936–41*
Heparin
Potential use of recombinant hirudin as an anticoagulant in a cardiopulmonary bypass model (Walenga, Bakhos, & others) 1991;51:271–7*

Hepatic vein thrombosis
Membranotomy for Budd-Chiari syndrome (Cheng) 1991;51: 522–3,CP; Reply (Victor, Jayanthi, & Madanagopalan) 1991;51:523,CP
Hernia, hiatal
Intrathoracic Nissen fundoplication: long-term clinical and pH monitoring evaluation (Collard, Konick, & others) 1991;51: 34–8*
Hirudin
Potential use of recombinant hirudin as an anticoagulant in a cardiopulmonary bypass model (Walenga, Bakhos, & others) 1991;51:271–7*
Histiocytoma
Malignant fibrous histiocytoma of the trachea (Streitz & Shapshay) 1991;51:695,CP; Reply (Mansour) 1991;51:695,CP
HIV
Human immunodeficiency virus and the thoracic surgeon (Stiles) 1991;51:341–3,RE
Hodgkin's disease
Total unilateral lung gangrene in Hodgkin's disease: treatment by thoracostomy (Juettner, Arian-Schad, & others) 1991; 51:302–3,CR
How to do it
Alternative technique for repair of sinus venosus atrial septal defect (Hamilton, Brooks, & Walker) 1991;51:144–6,HW
Apical aortic cannulation: application of an old method with new paraphernalia (Robicsek) 1991;51:330–2,HW
Autogenous atrial tunnel for direct cavopulmonary connection in infants and small children (Perryman) 1991;51:508–10,HW
Continuous retrograde blood cardioplegia (Sutter, Goldman, & others) 1991;51:136–7,HW
Coronary ostial reconstruction: technical issues (Ghosh) 1991; 51:673–5,HW
Dissectors for pulmonary thromboendarterectomy (Daily, Dembitsky, & Daily) 1991;51:842–3,HW
Easy removal of surgically placed intraaortic balloon pump catheter (Gorton & Soltanzadeh) 1991;51:325–6,HW
Exchanging double-lumen for single-lumen endotracheal tubes after thoracotomy (Rusch, Freund, & Bowdle) 1991;51:321–4,HW
Improved technique for inserting a T tube in patients with subglottic stenosis (Kato, Kobayashi, & others) 1991;51; 327–9,HW
Intraoperative coronary angiography using fluorescein (Takayama, Wanibuchi, & others) 1991;51:140–3,HW
Mammary artery grafts: a new no-touch technique for anastomosis (Galvin) 1991;51:500–3,HW
New operative method for distal aortopulmonary septal defect (Kitagawa, Katoh, & others) 1991;51:680–2,HW
New technique of esophageal exclusion for chronic esophageal perforation (Lee, Lee, & Chu) 1991;51:1020–2,HW
Patch aortotomy for aortic valve replacement after previous coronary artery bypass grafting (Sindhi, Belisle, & others) 1991;51:676–7,HW
Pleural anesthetics given through an epidural catheter secured inside a chest tube (Baker & Tribble) 1991;51:138–9,HW
Reinforced sternal closure (Scovotti, Ponzone, & Leyro-Diaz) 1991;51:844–5,HW
The Senning operation: a new technique to prepare the septal flap (Assad, Felipe, & others) 1991;51:678–9,HW
Silicone pouch for protection of automatic implantable cardioverter-defibrillator leads (Cilley, Cernaianu, & others) 1991;51:504–5,HW
Simplified method for femoral venous cannulation (Rosenbloom & Musket) 1991;51:846–7,HW
Single venous cannulation through the right atrium for venous return in valve operations (Balasundaram, Vega, & Duran) 1991;51:506–7,HW
Technique and pitfalls of retrograde continuous warm blood cardioplegia (Salerno, Christakis, & others) 1991;51:1023–5,HW
Hydrogen-ion concentration
Intrathoracic Nissen fundoplication: long-term clinical and pH monitoring evaluation (Collard, Konick, & others) 1991;51: 34–8*
Metabolism of the heart and brain during hypothermic cardiopulmonary bypass (Swain, McDonald & others) 1991;51: 103–9*
Hypercalcemia
Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*
Hypertension, pulmonary
Hemodynamic effects of lobar pulmonary artery occlusion in a porcine sepsis model (Ward, Shennib, & Zidulka) 1991;51: 451–4*
Pulmonary hypertension and polymorphonuclear leukocyte elastase after esophageal cancer operations (Sato, Murakami, & others) 1991;51:754–8*
Hypertrophy
Carcinosarcoma of the lung with hypertrophic pulmonary osteoarthropathy (Meade, Moad, & others) 1991;51:488–90,CR
Hypertrophy of nodules of Arantius and aortic insufficiency: pathophysiology and repair (Shapira, Fernandez, & others) 1991;51:969–72*
Hypopharynx
Gastric emptying after gastric interposition for cancer of the esophagus or hypopharynx (Morton, Karwande, & others) 1991;51:759–63*
Hypoplasia
Aortic atresia with normal left ventricle: one-stage repair in early infancy (Bogers, Sreeram, & others) 1991;51:312–4*
Hypothermia
Brain protection during circulatory arrest (Crittenden, Roberts, & others) 1991:51;942–7*
Metabolism of the heart and brain during hypothermic cardiopulmonary bypass (Swain, McDonald & others) 1991;51: 103–9*
Optimizing myocardial hypothermia: I. Temperature probe design and clinical inferences (Kinney, Daily, & Pfeffer) 1991;51:278–83*
Optimizing myocardial hypothermia: II. Cooling jacket modifications and clinical results (Daily & Kinney) 1991;51: 284–9*

Immunity, cellular
Altered cellular immune function in the atelectatic lung (Nguyen, Mulder, & Shennib) 1991;51:76–80*
Infant
Aortic atresia with normal left ventricle: one-stage repair in early infancy (Bogers, Sreeram, & others) 1991;51:312–4*
Aortic atresia with normal left ventricle (Serraf, Bruniax, & others) 1991;51:1017–9,CR
Autogenous atrial tunnel for direct cavopulmonary connection in infants and small children (Perryman) 1991;51:508–10,HW
Calcium in neonatal cardioplegia (Robinson) 1991;51:1043–4,CP; Reply (Bove & Gallagher) 1991;51;1044,CP

Infant (cont'd)
Early restenosis after extended end-to-end anastomosis at neonatal age (van Son, Smedts, & Lacquet) 1991;51:160–2,CP; Reply (Elliott) 1991;51:162,CP
False aneurysm formation of the great arteries after arterial switch operation (Kato, Nakada, & others) 1991;51:495–6,CR
Hemolysis due to branch pulmonary stenosis after the arterial switch procedure (Schroeder, Albert, & others) 1991;51:491–2,CR
New operative method for distal aortopulmonary septal defect (Kitagawa, Katoh, & others) 1991;51:680–2,HW
Palliation of univentricular heart without increasing work (Lamberti) 1991;51:882–3,ED
Pneumonectomy secondary to *Mycobacterium fortuitum* in infancy (Paone, Mercer, & Glass) 1991;51:1010–1,CR
Progress of patients with pulmonary atresia after systemic to pulmonary arterial shunts (Calder, Chan, & others) 1991;51:401–7*
Risk of reintervention after coarctation repair (van Son & Lacquet) 1991;51:521,CP; Reply (Kron) 1991;51:522,CP

Infection
Diagnosis of poststernotomy infection: comparison of three means of assessment (Browdie, Bernstein, & others) 1991;51:290–2*
Infected intravenous port device causing tricuspid valve regurgitation (Heinemann, Frank, & others) 1991;51:827–8,CR
Phenotypic expression of bronchoalveolar lavage cells in lung rejection and infection (Shennib, Nguyen, & others) 1991;51:630–5*
Randomized trial of one-dose versus six-dose cefazolin prophylaxis in elective general thoracic surgery (Olak, Jeyasingham, & others) 1991;51:956–8*

Innominate artery
Penetrating trauma involving the innominate artery (McLean & McManus) 1991;51:113–5,CR

Insulin
Could glucose-insulin-potassium be considered only a step of a complete nutritional program for complicated cardiac patients? (Paccagnella, Simini, & Valfré) 1991;51:344,CP
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51:262–70*
Oxygenated cardioplegia: the metabolic and functional effects of glucose and insulin (Steinberg, Doherty, & others) 1991;51:620–9*

Intraaortic balloon pumping
Easy removal of surgically placed intraaortic balloon pump catheter (Gorton & Soltanzadeh) 1991;51:325–6,HW

Irrigation
Bronchoalveolar lavage in lung transplantation (Shennib & Nguyen) 1991;51:335–40,CV
Intraoperative pleural lavage cytology in lung cancer patients (Okumura, Ohshima, & others) 1991;51:599–604*
Phenotypic expression of bronchoalveolar lavage cells in lung rejection and infection (Shennib, Nguyen, & others) 1991;51:630–5*
Thoracoscopic debridement and pleural irrigation in the management of empyema thoracis (Ridley & Braimbridge) 1991;51:461–4*

Ischemia
Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*
Pretreatment with nicardipine preserves ventricular function after hypothermic ischemic arrest (Brown, Parenteau, & others) 1991;51:739–46*
Reducing postischemic paraplegia using conjugated superoxide dismutase (Agee, Flanagan, & others) 1991;51:911–5*
Surgical repair of Wolff-Parkinson-White syndrome complicated with myocardial bridging (Sueda, Matsuura, & others) 1991;51:119–121,CR
Triiodothyronine in the recovery of stunned myocardium in dogs (Novitsky, Matthews, & others) 1991;51:10–17*

Jehovah's Witnesses. *See* Heart surgery

Jejunoileal bypass
Late volume changes in retrosternal colon bypass (Santos) 1991;51:296–8,CR

Key references
Atrioventricular canal defects (Capouya & Laks) 1991;51:860–3,KR
Empyema and bronchopleural fistula (Pairolero, Trastek, & Allen) 1991;51:157–8,KR
Mediastinal masses (Silverman) 1991;51:520,KR

Killer cells, natural
Altered cellular immune function in the atelectatic lung (Nguyen, Mulder, & Shennib) 1991;51:76–80*

Laser
Excimer laser angioplasty during aortocoronary bypass grafting (Blanche, Segalowitz, & others) 1991;51:670–2,CR
Neodymium:yttrium-aluminum garnet laser–assisted pulmonary resections (Landreneau, Hazelrigg, & others) 1991;51:973–8*

Leiomyosarcoma
Primary cardiac leiomyosarcomas (Antunes, Vanderdonck, & others) 1991;51:999–1001,CR
Rectus abdominis muscle flap with microvascular anastomoses for repair of recurrent sarcoma (Waris, Kaarela, & others) 1991;51:133–5,CR

Lidocaine
Spinal cord protection during aortic occlusion: efficacy of intrathecal tetracaine (Breckwoldt, Genco, & others) 1991;51:959–63*

Liposarcoma
Liposarcoma of the esophagus (Cooper, Boucher, & others) 1991;51:1012–3,CR

Lung
Complement activation and lung permeability during cardiopulmonary bypass (Davies, Bailey, & others) 1991;51:695–6,CP; Reply (Tennenberg) 1991;51:696,CP
Membrane oxygenator prevents lung reperfusion injury in canine cardiopulmonary bypass (Gu, Wang, & others) 1991;51:573–8*

Lung disease
Pneumonectomy secondary to *Mycobacterium fortuitum* in infancy (Paone, Mercer, & Glass) 1991;51:1010–1,CR
Total unilateral lung gangrene in Hodgkin's disease: treatment by thoracostomy (Juettner, Arian-Schad, & others) 1991;51:302–3,CR

Lung neoplasms
Aggressive surgical intervention in N2 non–small cell cancer of the lung (Watanabe, Shimizu, & others) 1991;51:253–61*
Bronchoalveolar carcinoma: factors affecting survival (Daly, Trastek, & others) 1991;51:368–77*

Carcinosarcoma of the lung with hypertrophic pulmonary osteoarthropathy (Meade, Moad, & others) 1991;51:488–90,CR
Chest wall involvement by lung cancer: computed tomographic detection and results of operation (Ratto, Piacenza, & others) 1991;51:182–7*
Computed tomography–guided minithoracotomy for the resection of small peripheral pulmonary nodules (Daly, Faling, & others) 1991;51:465–9*
Intraoperative pleural lavage cytology in lung cancer patients (Okumura, Ohshima, & others) 1991;51:599–604*
Multiple primary bronchogenic carcinomas: treatment and follow-up (Fleisher, McElvaney, & Robinson) 1991;51:48–51*
Nephrotic syndrome complicating adenocarcinoma of the lung with resolution after resection (Coltharp, Lee, & others) 1991;51:308–9,CR
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*
Staging lung cancer with computed tomography (Goldstraw) 1991;51:345,CP; Reply (Lewis) 1991;51:345,CP

Lung transplantation
Bronchoalveolar lavage in lung transplantation (Shennib & Nguyen) 1991;51:335–40,CV
Enhanced pulmonary function using dimethylthiourea for twelve-hour lung preservation (Lambert, Egan, & others) 1991;51:924–30*
Improved lung preservation with cold air storage (Kon, Hines, & others) 1991;51:557–62*
Phenotypic expression of bronchoalveolar lavage cells in lung rejection and infection (Shennib, Nguyen, & others) 1991;51:630–5*

Lymphoma
Primary cysts and tumors of the mediastinum (Cohen, Thompson, & others) 1991;51:378–86*

Magnesium
Magnesium ion is beneficial in hypothermic crystalloid cardioplegia (Brown, Holland, & others) 1991;51:359–67*

Magnetic resonance imaging
Metallic surgical clips and magnetic resonance imaging (Weber) 1991;51:162,CP; Reply (Gold) 1991;51:162–3,CP

Malignant carcinoid syndrome
Surgical management of carcinoid heart disease (Fetherston & Davis) 1991;51:493–4,CR

Mammary artery
Comparison of postoperative complications between saphenous vein and IMA grafts to left anterior descending coronary artery (Sethi, Copeland, & others) 1991;51:733–8*
False aneurysm of the right internal mammary artery (Millner, Guvendik, & others) 1991;51:831–2,CR
Inverted internal mammary artery for myocardial revascularization (Livi, Bortolotti, & Gallucci) 1991;51:524–5,CP
Long-term follow-up of the Vineberg internal mammary artery implant procedure (Hayward, Korompai, & Knight) 1991;51:1002–3,CR
Mammary artery grafts: a new no-touch technique for anastomosis (Galvin) 1991;51:500–3,HW
Pharmacological response of internal mammary artery and gastroepiploic artery (van Son & Smedts) 1991;51:864,CP; Reply (Koike & Suma) 1991;51:864–5,CP

Mediastinal cyst
Adenocarcinoma arising in a foregut cyst of the mediastinum (Olsen, Clemmensen, & Andersen) 1991;51:497–9,CR
Pericardial cyst with partial erosion of the right ventricular wall (Chopra, Duke, & others) 1991;51:840–1,CR
Primary cysts and tumors of the mediastinum (Cohen, Thompson, & others) 1991;51:378–86*

Mediastinal neoplasms
Mediastinal masses (Silverman) 1991;51:520,KR
Primary cysts and tumors of the mediastinum (Cohen, Thompson, & others) 1991;51:378–86*
Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR

Mediastinitis
Fibrosing mediastinitis with coronary artery involvement (Cochrane, Warren, & others) 1991;51:652–4,CR

Medical oncology
Symposium on thoracic surgical oncology (Pass) 1991;51:153,CP

Metabolism
Metabolism of the heart and brain during hypothermic cardiopulmonary bypass (Swain, McDonald & others) 1991;51:103–9*
Oxygenated cardioplegia: the metabolic and functional effects of glucose and insulin (Steinberg, Doherty, & others) 1991;51:620–9*

Metals
Metallic surgical clips and magnetic resonance imaging (Weber) 1991;51:162,CP; Reply (Gold) 1991;51:162–3,CP

Metastasis
Bronchogenic carcinoma with chest wall invasion (Allen, Mathisen, & others) 1991;51:948–51*
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*

Mitochondria, heart
Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*

Mitral valve
Combined superior-transseptal approach to the left atrium (Berreklouw, Ercan, & Schönberger) 1991;51:293–5*
Hemolysis after valve repair (Bloom, Goldman, & others) 1991;51:526,CP
Mitral prosthetic replacement in small left atria (Balasundaram & Duran) 1991;51:1046,CP; Reply (Campanella, Cameron, & Feilberg) 1991;51:1046–7,CP
Mitral valve reoperation (Bonchek) 1991;51:160,CP
Mitral valve replacement combined with coronary artery operation: determinants of early and late results (He, Hughes, & others) 1991;51:916–23*
Mitral valve replacement in idiopathic hypereosinophilic syndrome (Boustany, Murphy, & others) 1991;51:1007–9,CR
Mitral valve replacement six years after cardiac transplantation (Copeland, Rosado, & others) 1991;51:1014–6,CR
Mitral valve suture techniques (Lemmer) 1991;51:865,CP; Reply (Heath) 1991;51:866,CP

Monitoring, physiologic
Optimizing myocardial hypothermia: I. Temperature probe design and clinical inferences (Kinney, Daily, & Pfeffer) 1991;51:278–83*

Mortality
Delayed death from aortic root trauma (Boruchow & Hutchins) 1991;51:315–9,CR
Hospital mortality and long-term survival after pulmonary resection in the elderly (Roxburgh, Thompson, & Goldstraw) 1991;51:800–3*

Mortality (cont'd)
Prospects for understanding and eliminating the deleterious effects of cardiopulmonary bypass (Kirklin) 1991;51:529–31,ED
Risk factors for cardiac operations in adult Jehovah's Witnesses (Lewis, Murphy, & Cooley) 1991;51:448–50*
Myasthenia gravis
Role of staging in prognosis and management of thymoma (Wilkins, Grillo, & others) 1991;51:888–92*
Thymoma: results of 241 operated cases (Maggi, Casadio, & others) 1991;51:152–6,CV
Mycobacterium infections
Pneumonectomy secondary to *Mycobacterium fortuitum* in infancy (Paone, Mercer, & Glass) 1991;51:1010–1,CR
Myocardial contraction
Might free arterial grafts fail due to spasm? (Massa, Johansson, & others) 1991;51:94–101*
Myocardial infarction
Delayed death from aortic root trauma (Boruchow & Hutchins) 1991;51:315–9,CR
Nifedipine after coronary bypass grafting (Nathan) 1991;51:693,CP
Percutaneous transaortic closure of postinfarctional ventricular septal rupture (Hachida, Nakano, & others) 1991;51:655–7,CR
Myocardial reperfusion
Production of endothelium-derived contracting factor is enhanced after coronary reperfusion (Pearson & Lin) 1991;51:788–93*
Myocardial revascularization
Combined myocardial revascularization and abdominal aortic aneurysm repair (Hinkamp, Pifarre, & others) 1991;51:470–2*
Coronary ostial reconstruction: technical issues (Ghosh) 1991;51:673–5,HW
Inverted internal mammary artery for myocardial revascularization (Livi, Bortolotti, & Gallucci) 1991;51:524–5,CP
Long-term follow-up of the Vineberg internal mammary artery implant procedure (Hayward, Korompai, & Knight) 1991;51:1002–3,CR
Myocardium
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51:262–70*
Optimizing myocardial hypothermia: I. Temperature probe design and clinical inferences (Kinney, Daily, & Pfeffer) 1991;51:278–83*
Optimizing myocardial hypothermia: II. Cooling jacket modifications and clinical results (Daily & Kinney) 1991;51:284–9*
Oxygenated cardioplegia: the metabolic and functional effects of glucose and insulin (Steinberg, Doherty, & others) 1991;51:620–9*
Retrograde continuous warm blood cardioplegia: a new concept in myocardial protection (Salerno, Houck, & others) 1991;51:245–7*
Superiority of retrograde cardioplegia after coronary occlusion (Haan, Lazar, & others) 1991;51:408–12*
Surgical repair of Wolff-Parkinson-White syndrome complicated with myocardial bridging (Sueda, Matsuura, & others) 1991;51:119–21,CR
Triiodothyronine in the recovery of stunned myocardium in dogs (Novitsky, Matthews, & others) 1991;51:10–17*

Neoplasms
Adenocarcinoma arising in a foregut cyst of the mediastinum (Olsen, Clemmensen, & Andersen) 1991;51:497–9,CR
Cavoatrial tumor thrombectomy using cardiopulmonary bypass without circulatory arrest (Stewart, Carey, & others) 1991;51:717–22*
Cervical lymph node dissection for thoracic esophageal cancer (Skinner) 1991;51:884–5,ED
Gastric emptying after gastric interposition for cancer of the esophagus or hypopharynx (Morton, Karwande, & others) 1991;51:759–63*
Multiple primary bronchogenic carcinomas: treatment and follow-up (Fleisher, McElvaney, & Robinson) 1991;51:48–51*
Orthotopic cardiac transplantation in two patients with previous malignancy (Hinkamp, Sullivan, & others) 1991;51:1004–6,CR
Primary cysts and tumors of the mediastinum (Cohen, Thompson, & others) 1991;51:378–86*
Role of percutaneous fine-needle aspiration biopsy in suspected intrathoracic malignancy (Colquhoun, Rosenthal, & Morton) 1991;51:390–3*
Nephrotic syndrome
Nephrotic syndrome complicating adenocarcinoma of the lung with resolution after resection (Coltharp, Lee, & others) 1991;51:308–9,CR
Nerve block
Site of action of continuous extracorporeal intercostal nerve block (Eng & Sabanathan) 1991;51:387–9*
Neutrophils
Complement activation and lung permeability during cardiopulmonary bypass (Davies, Bailey, & others) 1991;51:695–6,CP; Reply (Tennenberg) 1991;51:696,CP
Pulmonary hypertension and polymorphonuclear leukocyte elastase after esophageal cancer operations (Sato, Murakami, & others) 1991;51:754–8*
Nicardipine
Pretreatment with nicardipine preserves ventricular function after hypothermic ischemic arrest (Brown, Parenteau & others) 1991;51:739–46*
Nifedipine
Nifedipine after coronary bypass grafting (Nathan) 1991;51:693,CP
Nodules of Arantius
Hypertrophy of nodules of Arantius and aortic insufficiency: pathophysiology and repair (Shapira, Fernandez, & others) 1991;51:969–72*
Norepinephrine
Might free arterial grafts fail due to spasm? (Massa, Johansson, & others) 1991;51:94–101*
Nutrition
Could glucose-insulin-potassium be considered only a step of a complete nutritional program for complicated cardiac patients? (Paccagnella, Simini, & Valfré) 1991;51:344,CP

Osteoarthropathy
Carcinosarcoma of the lung with hypertrophic pulmonary osteoarthropathy (Meade, Moad, & others) 1991;51:488–90,CR
Oxygenation
Oxygenation of cardioplegic solutions: a note of caution (Lochner, Lloyd, & Coetzee) 1991;51:777–87*
Oxygenator
Aprotinin reduces intraoperative and postoperative blood loss in membrane oxygenator cardiopulmonary bypass (Harder, Eijsman, & others) 1991;51:936–41*

Membrane oxygenator prevents lung reperfusion injury in canine cardiopulmonary bypass (Gu, Wang, & others) 1991;51:573–8*
Prolonged pumpless arteriovenous perfusion for carbon dioxide extraction (Awad, Deslauriers, & others) 1991;51:534–40*
Prospects for understanding and eliminating the deleterious effects of cardiopulmonary bypass (Kirklin) 1991;51:529–31,ED

Pacemaker, artificial
New technique for pacemaker implantation in the upper chest of children and women (Molina) 1991;51:992–5*
Pain, postoperative
Pleural anesthetics given through an epidural catheter secured inside a chest tube (Baker & Tribble) 1991;51:138–9,HW
Palliative treatment
Palliative repair of aortic atresia associated with tricuspid atresia and transposition of the great arteries (Imai, Kurosawa, & others) 1991;51:646–8,CR
Prospective, randomized trial of palliative treatment for unresectable cancer of the esophagus (Reed, Marsh, & others) 1991;51:552–6*
Right pulmonary artery obstruction after pulmonary artery banding (Robertson, Penkoske, & Duncan) 1991;51:73–5*
Paraplegia
Reducing postischemic paraplegia using conjugated superoxide dismutase (Agee, Flanagan, & others) 1991;51:911–5*
Parenteral alimentation
Infected intravenous port device causing tricuspid valve regurgitation (Heinemann, Frank, & others) 1991;51:827–8,CR
Perfusion
Prolonged pumpless arteriovenous perfusion for carbon dioxide extraction (Awad, Deslauriers, & others) 1991;51:534–40*
Pericardium
Pericardial cyst with partial erosion of the right ventricular wall (Chopra, Duke, & others) 1991;51:840–1,CR
Permeability
Complement activation and lung permeability during cardiopulmonary bypass (Davies, Bailey, & others) 1991;51:695–6,CP; Reply (Tennenberg) 1991;51:696,CP
Phenylephrine
Pharmacological response of internal mammary artery and gastroepiploic artery (van Son & Smedts) 1991;51:864,CP; Reply (Koike & Suma) 1991;51:864–5,CP
Pheochromocytoma
Intrapericardial pheochromocytoma (Chang, Lin, & others) 1991;51:661–3,CR
Pig
Are sutures better than staples for closing bronchi and pulmonary vessels? (Graeber, Collins, & others) 1991;51:901–5*
Hemodynamic effects of lobar pulmonary artery occlusion in a porcine sepsis model (Ward, Shennib, & Zidulka) 1991;51:451–4*
Pleural effusion
Pleuroperitoneal shunting for intractable pleural effusions (Ponn, Blancaflor, & others) 1991;51:605–9*
Pleural neoplasms
Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR
Pneumonectomy
Hospital mortality and long-term survival after pulmonary resection in the elderly (Roxburgh, Thompson, & Goldstraw) 1991;51:800–3*
Pneumonectomy secondary to *Mycobacterium fortuitum* in infancy (Paone, Mercer, & Glass) 1991;51:1010–1,CR
Pneumonia
Pneumonia after coronary artery bypass grafting: a case for continued evaluation (Tuteur) 1991;51:177–8,ED
Risk factors for nosocomial pneumonia after coronary artery bypass graft operations (Gaynes, Bizek, & others) 1991;51:215–8*
Pneumonia, aspiration
Tracheoesophageal anastomosis for intractable aspiration pneumonia (Nakasaki, Sugihara, & others) 1991;51:23–9*
Polychondritis, relapsing
Airway complications in relapsing polychondritis (Eng & Sabanathan) 1991;51:686–92,CT
Polydioxanone
End-to-end repair of aortic coarctation using absorbable polydioxanone suture (Arenas, Myers, & others) 1991;51:413–7*
Postoperative complications
Delayed sternal closure for life-threatening complications in cardiac operations: an update (Mestres, Pomar, & others) 1991;51:773–6*
Potassium
Could glucose-insulin-potassium be considered only a step of a complete nutritional program for complicated cardiac patients? (Paccagnella, Simini, & Valfré) 1991;51:344,CP
Dopamine and high-dose insulin infusion (glucose-insulin-potassium) after a cardiac operation: effects on myocardial metabolism (Svedjeholm, Hallhagen, & others) 1991;51:262–70*
Role of potassium concentration in cardioplegic solutions in mediating endothelial damage (Mankad, Chester, & Yacoub) 1991;51:89–93*
Prednisone
The safety of low-dose prednisone before and immediately after heart-lung transplantation (Novick, Menkis, & others) 1991;51:642–5*
Presidential address
Preparation, trust, and responsibility (Bender) 1991;51:351–6,PA
Profiles of leadership in thoracic surgery (Rainer) 1991;51:877–81,PA
Procainamide
Procainamide-induced respiratory insufficiency after cardiopulmonary bypass (Putnam, Bolling, & Kirsh) 1991;51:482–3,CR
Prostaglandins
Prolonged preservation of canine lung allografts: the role of prostaglandins (Novick, Reid, & others) 1991;51:853–9,CV
Protective devices
Optimizing myocardial hypothermia: I. Temperature probe design and clinical inferences (Kinney, Daily, & Pfeffer) 1991;51:278–83*
Optimizing myocardial hypothermia: II. Cooling jacket modifications and clinical results (Daily & Kinney) 1991;51:284–9*
Pulmonary
Are sutures better than staples for closing bronchi and pulmonary vessels? (Graeber, Collins, & others) 1991;51:901–5*
Dissectors for pulmonary thromboendarterectomy (Daily, Dembitsky, & Daily) 1991;51:842–3,HW
Enhanced pulmonary function using dimethylthiourea for twelve-hour lung preservation (Lambert, Egan, & others) 1991;51:924–30*

Pulmonary (cont'd)
Neodymium:yttrium-aluminum garnet laser–assisted pulmonary resections (Landreneau, Hazelrigg, & others) 1991;51:973–8*
Progress of patients with pulmonary atresia after systemic to pulmonary arterial shunts (Calder, Chan, & others) 1991;51:401–7*
Pulmonary sequelae of prolonged total venoarterial bypass: evaulation with a new experimental model (Koul, Willen, & others) 1991;51:794–9*
Pulmonary artery
Hemodynamic effects of lobar pulmonary artery occlusion in a porcine sepsis model (Ward, Shennib, & Zidulka) 1991;51:451–4*
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
New operative method for distal aortopulmonary septal defect (Kitagawa, Katoh, & others) 1991;51:680–2,HW
Pulmonary artery balloon counterpulsation for intraoperative right ventricular failure (Skillington, Couper, & others) 1991;51:658–60,CR
Repair of catheter-induced perforation of the pulmonary artery (Urschel & Parrott) 1991;51:1046,CP
Right pulmonary artery obstruction after pulmonary artery banding (Robertson, Penkoske, & Duncan) 1991;51:73–5*
Staged repair of pulmonary atresia with ventricular septal defect and major systemic to pulmonary artery collaterals (Iyer & Mee) 1991;51:65–72*
Unifocalization for pulmonary atresia with ventricular septal defect (Puga) 1991;51:8–9,ED
Pulmonary atresia
Unifocalization for pulmonary atresia with ventricular septal defect (Puga) 1991;51:8–9,ED
Pulmonary circulation
Right pulmonary artery obstruction after pulmonary artery banding (Robertson, Penkoske, & Duncan) 1991;51:73–5*
Pulmonary embolism
Misplaced caval filter and subsequent pericardial tamponade (Lahey, Meyer, & others) 1991;51:299–301,CR
Pulmonary embolectomy (Beall) 1991;51:179,ED
Pulmonary embolectomy: a 20-year experience at one center (Meyer, Tamisier, & others) 1991;51:232–6*
Pulmonary valve
Current surgical technique to repair Fallot's tetralogy with absent pulmonary valve syndrome (Snir, de Leval, & others) 1991;51:979–82*
Pulmonary valve stenosis
Hemolysis due to branch pulmonary stenosis after the arterial switch procedure (Schroeder, Albert, & others) 1991;51:491–2,CR

Radiotherapy
Esophageal malignancies: is preoperative radiotherapy the way to go? (Yadava, Hodge, & others) 1991;51:189–93*
Gastrotracheal fistula as a result of radiotherapy after transhiatal esophagectomy (Paç, Başoğlu, & others) 1991;51:696–7,CP; Reply (Kron) 1991;51:697,CP
Rat
Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*
Endothelial cell viability in the rat aortic wall (Christy, Lupinetti, & others) 1991;51:204–7*
Reperfusion
Effects of calcium chloride administration on the postischemic isolated rat heart (Abbott, Hill, & others) 1991;51:705–10*
Membrane oxygenator prevents lung reperfusion injury in canine cardiopulmonary bypass (Gu, Wang, & others) 1991;51:573–8*
Spinal cord protection during aortic occlusion: efficacy of intrathecal tetracaine (Breckwoldt, Genco, & others) 1991;51:959–63*
Report
Human immunodeficiency virus and the thoracic surgeon (Stiles) 1991;51:341–3,RE
Notes from the Thoracic Surgery Directors Association (Murray) 1991;51:1040–1,RE
Respiration, artificial
Exchanging double-lumen for single-lumen endotracheal tubes after thoracotomy (Rusch, Freund, & Bowdle) 1991;51:321–4,HW
Respiratory insufficiency
Procainamide-induced respiratory insufficiency after cardiopulmonary bypass (Putnam, Bolling, & Kirsh) 1991;51:482–3,CR
Revascularization
Superiority of retrograde cardioplegia after coronary occlusion (Haan, Lazar, & others) 1991;51:408–12*
Rib fracture
Rib fracture complicating median sternotomy (Gumbs, Peniston, & others) 1991;51:952–5*
Risk factors
Hemi-Fontan operation in surgery for single ventricle: a preliminary report (Douville, Sade, & Fyfe) 1991;51:893–900*
Rupture
Blast injury to the thoracic esophagus (Guth, Gouge, & Depan) 1991;51:837–9,CR
Intraoperative management of severe endobronchial hemorrhage (Purut, Scott, & others) 1991;51:304–7,CR
Mitral valve suture techniques (Lemmer) 1991;51:865,CP; Reply (Heath) 1991;51:866,CP
Percutaneous transaortic closure of postinfarctional ventricular septal rupture (Hachida, Nakano, & others) 1991;51:655–7,CR
Repair of catheter-induced perforation of the pulmonary artery (Urschel & Parrott) 1991;51:1046,CP
Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR
Spontaneous late rupture of an aortocoronary saphenous vein graft (Werthman, Sutter, & others) 1991;51:664–6,CR
Traumatic mitral valve rupture in a child (McCrory, Craig, & O'Kane) 1991;51:821–2,CR

Saline solution, hypertonic
Cardiorespiratory responses to hypertonic saline solution in cardiac operations (Boldt, Zickmann, & others) 1991;51:610–5*
Saphenous vein
Comparison of postoperative complications between saphenous vein and IMA grafts to left anterior descending coronary artery (Sethi, Copeland, & others) 1991;51:733–8*
Spontaneous late rupture of an aortocoronary saphenous vein graft (Werthman, Sutter, & others) 1991;51:664–6,CR
Sarcoma
Primary cardiac sarcomas (Putnam, Sweeney, & others) 1991;51:906–10*
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*

Septicemia
An unusual complication of cardiac transplantation—infected aortic pseudoaneurysm (Palac, Strausbaugh, & others) 1991;55:479–81,CR
Serotonin
Pharmacological response of internal mammary artery and gastroepiploic artery (van Son & Smedts) 1991;51:864,CP; Reply (Koike & Suma) 1991;51:864–5,CP
Role of potassium concentration in cardioplegic solutions in mediating endothelial damage (Mankad, Chester, & Yacoub) 1991;51:89–93*
Shunt
Pleuroperitoneal shunting for intractable pleural effusions (Ponn, Blancaflor, & others) 1991;51:605–9*
Progress of patients with pulmonary atresia after systemic to pulmonary arterial shunts (Calder, Chan, & others) 1991; 51:401–7*
Silicone elastomers
Silicone pouch for protection of automatic implantable cardioverter-defibrillator leads (Cilley, Cernaianu, & others) 1991;51:504–5,HW
Sinus of Valsalva
Sinus of Valsalva aneurysm eroding into the interventricular septum (Raffa, Mosieri, & others) 1991;51:996–8,CR
The Society of Thoracic Surgeons
Circulatory support 1991 1991;51:698–700, 1048–50
Program, 1990 Interim Meeting 1991;51:164
Program, Twenty-seventh Annual Meeting 1991;51:164–76, 868–76
Spinal cord diseases
Reducing postischemic paraplegia using conjugated superoxide dismutase (Agee, Flanagan, & others) 1991;51:911–5*
Staging
Role of staging in prognosis and management of thymoma (Wilkins, Grillo, & others) 1991;51:888–92*
Staging lung cancer with computed tomography (Goldstraw) 1991;51:345,CP; Reply (Lewis) 1991;51:345,CP
Stenosis
Coronary ostial reconstruction: technical issues (Ghosh) 1991; 51:673–5,HW
Early restenosis after extended end-to-end anastomosis at neonatal age (van Son, Smedts, & Lacquet) 1991;51:160–2,CP; Reply (Elliott) 1991;51:162,CP
Fibrosing mediastinitis with coronary artery involvement (Cochrane, Warren, & others) 1991;51:652–4,CR
Improved technique for inserting a T tube in patients with subglottic stenosis (Kato, Kobayashi, & others) 1991;51; 327–9,HW
Sternotomy
Diagnosis of poststernotomy infection: comparison of three means of assessment (Browdie, Bernstein, & others) 1991; 51:290–2*
False aneurysm of the right internal mammary artery (Millner, Guvendik, & others) 1991;51:831–2,CR
Rib fracture complicating median sternotomy (Gumbs, Peniston, & others) 1991;51:952–5*
Squamous cell carcinoma arising in a sternotomy scar (Korula & Hughes) 1991;51:667–9,CR
Sternum
Delayed chest wall pain due to sternal wire sutures (Eastridge, Mahfood, & others) 1991;51:56–9*
Delayed sternal closure for life-threatening complications in cardiac operations: an update (Mestres, Pomar, & others) 1991;51:773–6*
Reinforced sternal closure (Scovotti, Ponzone, & Leyro-Diaz) 1991;51:844–5,HW
Steroids
Hemodynamics versus biopsy findings during cardiac transplant rejection (Bolling, Putnam, & others) 1991;51:52–5*
The safety of low-dose prednisone before and immediately after heart-lung transplantation (Novick, Menkis, & others) 1991;51:642–5*
Stomach
Intrathoracic Nissen fundoplication: long-term clinical and pH monitoring evaluation (Collard, Konick, & others) 1991;51: 34–8*
Stress
Erythropoietin deficiency after coronary artery bypass procedures (Levine, Rosen, & others) 764–6*
Stroke volume
Comparison of hemodynamics and ejection fraction during left heart bypass (Sekela, Verani, & Noon) 1991;51:804–6*
Superoxide dismutase
Reducing postischemic paraplegia using conjugated superoxide dismutase (Agee, Flanagan, & others) 1991;51:911–5*
Surgery
Combined myocardial revascularization and abdominal aortic aneurysm repair (Hinkamp, Pifarre, & others) 1991;51: 470–2*
Gastrotracheal fistula as a result of radiotherapy after transhiatal esophagectomy (Paç, Başoğlu, & others) 1991 51:696–7,CP; Reply (Kron) 1991;51:697,CP
Primary cardiac sarcomas (Putnam, Sweeney, & others) 1991; 51:906–10*
Repair of catheter-induced perforation of the pulmonary artery (Urschel & Parrott) 1991;51:1046,CP
Spinal cord protection during aortic occlusion: efficacy of intrathecal tetracaine (Breckwoldt, Genco, & others) 1991; 51:959–63*
Surgery, cardiovascular
Brain protection during circulatory arrest (Crittenden, Roberts, & others) 1991:51;942–7*
Surgery, digestive system
Gastric emptying after gastric interposition for cancer of the esophagus or hypopharynx (Morton, Karwande, & others) 1991;51:759–63*
Surgery, lung
Aggressive surgical intervention in N2 non–small cell cancer of the lung (Watanabe, Shimizu, & others) 1991;51:253–61*
Hospital mortality and long-term survival after pulmonary resection in the elderly (Roxburgh, Thompson, & Goldstraw) 1991;51:800–3*
Multiple primary bronchogenic carcinomas: treatment and follow-up (Fleisher, McElvaney, & Robinson) 1991;51:48–51*
Neodymium:yttrium-aluminum garnet laser–assisted pulmonary resections (Landreneau, Hazelrigg, & others) 1991;51: 973–8*
Staged repair of pulmonary atresia with ventricular septal defect and major systemic to pulmonary artery collaterals (Iyer & Mee) 1991;51:65–72*
Surgical flaps
Rectus abdominis muscle flap with microvascular anastomoses for repair of recurrent sarcoma (Waris, Kaarela, & others) 1991;51:133–5,CR
The Senning operation: a new technique to prepare the septal flap (Assad, Felipe, & others) 1991;51:678–9,HW

Surgical staplers
Are sutures better than staples for closing bronchi and pulmonary vessels? (Graeber, Collins, & others) 1991;51:901–5*
Sutures
Are sutures better than staples for closing bronchi and pulmonary vessels? (Graeber, Collins, & others) 1991;51:901–5*
Comparison of supraannular and subannular pledgeted sutures in mitral valve replacement (Chambers & Heath) 1991;51:60–3*
Delayed chest wall pain due to sternal wire sutures (Eastridge, Mahfood, & others) 1991;51:56–9*
End-to-end repair of aortic coarctation using absorbable polydioxanone suture (Arenas, Myers, & others) 1991;51:413–7*
Growth of tracheal anastomoses: advantage of absorbable interrupted sutures (McKeown, Tsuboi, & others) 1991;51:636–41*
Mitral valve suture techniques (Lemmer) 1991;51:865,CP; Reply (Heath) 1991;51:866,CP
Reinforcement of pulmonary parenchymal suture (Vincent) 1991;51:523–4,CP

Tachycardia, supraventricular
Surgical repair of Wolff-Parkinson-White syndrome complicated with myocardial bridging (Sueda, Matsuura, & others) 1991;51:119–21,CR
Teratoma
Rupture of a benign mediastinal teratoma into the right pleural cavity (Hiraiwa, Hayashi, & others) 1991;51:110–12,CR
Tetracaine
Spinal cord protection during aortic occlusion: efficacy of intrathecal tetracaine (Breckwoldt, Genco, & others) 1991;51:959–63*
Tetralogy of Fallot
Current surgical technique to repair Fallot's tetralogy with absent pulmonary valve syndrome (Snir, de Leval, & others) 1991;51:979–82*
Thoracic injuries
Strut fixation of an extensive flail chest (Landreneau, Hinson, & others) 1991;51:473–5,CR
Tricuspid valve incompetence caused by nonpenetrating thoracic trauma (Noera, Sanguinetti, & others) 1991;51:320–2,CR
Thoracic neoplasms
Cervical lymph node dissection for thoracic esophageal cancer (Skinner) 1991;51:884–5,ED
Evaluation of neck lymph node dissection for thoracic esophageal carcinoma (Kato, Watanabe, & others) 1991;51:931–5*
Role of percutaneous fine-needle aspiration biopsy in suspected intrathoracic malignancy (Colquhoun, Rosenthal, & Morton) 1991;51:390–3*
Thoracic nerve
Site of action of continuous extracorporeal intercostal nerve block (Eng & Sabanathan) 1991;51:387–9*
Thoracic surgery
Dilemmas in cardiothoracic surgical education (Grillo) 1991;51:809–11,ED
General thoracic surgery—issues and direction (Orringer) 1991;51:814–7,ED
Prevention of arrhythmias after noncardiac thoracic operations: flecainide versus digoxin (Borgeat, Petropoulos, & others) 1991;51:964–8*
Profiles of leadership in thoracic surgery (Rainer) 1991;51:877–81,PA
Randomized trial of one-dose versus six-dose cefazolin prophylaxis in elective general thoracic surgery (Olak, Jeyasingham, & others) 1991;51:956–8*
Reinforced sternal closure (Scovotti, Ponzone, & Leyro-Diaz) 1991;51:844–5,HW
Should we care? Do we care? What should we do? (Peters) 1991;51:807–8,ED
Strut fixation of an extensive flail chest (Landreneau, Hinson, & others) 1991;51:473–5,CR
Symposium on thoracic surgical oncology (Pass) 1991;51:153,CP
Thoracic surgery training: it is time for a change (Roth & Balch) 1991;51:818–9,ED
What next in cardiothoracic training? (Benfield) 1991;51:820,ED
Thoracostomy
Total unilateral lung gangrene in Hodgkin's disease: treatment by thoracostomy (Juettner, Arian-Schad, & others) 1991;51:302–3,CR
Thoracotomy
Computed tomography–guided minithoracotomy for the resection of small peripheral pulmonary nodules (Daly, Faling, & others) 1991;51:465–9*
Esophagogastrectomy via left thoracotomy (Behl) 1991;51:163,CP; Reply (Donnelly) 1991;51:163,CP
Exchanging double-lumen for single-lumen endotracheal tubes after thoracotomy (Rusch, Freund, & Bowdle) 1991;51:321–4,HW
Mitral valve reoperation (Bonchek) 1991;51:160,CP
Response to chemotherapy does not predict survival after resection of sarcomatous pulmonary metastases (Lanza, Putnam, & others) 1991;51:219–24*
Thoracotomy in the octogenarian (Naunheim, Kesler, & others) 1991;51:547–51*
Thorax
Bronchogenic carcinoma with chest wall invasion (Allen, Mathisen, & others) 1991;51:948–51*
Chest wall involvement by lung cancer: computed tomographic detection and results of operation (Ratto, Piacenza, & others) 1991;51:182–7*
Thrombectomy
Cavoatrial tumor thrombectomy using cardiopulmonary bypass without circulatory arrest (Stewart, Carey, & others) 1991;51:717–22*
Thromboembolism
Delayed death from aortic root trauma (Boruchow & Hutchins) 1991;51:315–9,CR
Thromboxanes
Might free arterial grafts fail due to spasm? (Massa, Johansson, & others) 1991;51:94–101*
Thymoma
Role of staging in prognosis and management of thymoma (Wilkins, Grillo, & others) 1991;51:888–92*
Thymoma: results of 241 operated cases (Maggi, Casadio, & others) 1991;51:152–6,CV
Tomography, computed
Chest wall involvement by lung cancer: computed tomographic detection and results of operation (Ratto, Piacenza, & others) 1991;51:182–7*
Computed tomography–guided minithoracotomy for the resection of small peripheral pulmonary nodules (Daly, Faling, & others) 1991;51:465–9*
Staging lung cancer with computed tomography (Goldstraw) 1991;51:345,CP; Reply (Lewis) 1991;51:345,CP

Trachea
Growth of tracheal anastomoses: advantage of absorbable interrupted sutures (McKeown, Tsuboi, & others) 1991;51: 636–41*
Tracheal neoplasms
Gastrotracheal fistula as a result of radiotherapy after transhiatal esophagectomy (Paç, Başoğlu, & others) 1991;51:696–7,CP; Reply (Kron) 1991;51:697,CP
Malignant fibrous histiocytoma of the trachea (Streitz & Shapshay) 1991;51:695,CP; Reply (Mansour) 1991;51:695,CP
Tracheostomy
Improved technique for inserting a T tube in patients with subglottic stenosis (Kato, Kobayashi, & others) 1991;51; 327–9,HW
Tracheoesophageal anastomosis for intractable aspiration pneumonia (Nakasaki, Sugihara, & others) 1991;51:23–9*
Transfusion
Aspirin and blood loss (Violaris & Angelini) 1991;51:693,CP; Reply (Taggart, Siddiqui, & Wheatley) 1991;51:693–4,CP
Autologous blood transfusion with recombinant human erythropoietin in heart operations (Watanabe, Fuse, & others) 1991;51:767–72*
Benefit from combining blood conservation measures in cardiac operations (Jones, Rawitscher, & others) 1991;51; 541–6*
Use of human recombinant erythropoietin to correct severe preoperative anemia (Fullerton, Campbell, & Whitman) 1991;51:825–6,CR
Transplantation, autologous
Replacement of the aortic valve or root with a pulmonary autograft in children (Gerosa, McKay, & Ross) 1991;91: 424–9*
Transplantation, heterologous
Atrioventricular valve replacement with a Hancock porcine xenograft (Cohn) 1991;51:683–5,CL
Failure of Hancock pericardial xenografts: is prophylactic bioprosthetic replacement justified? (Bortolotti, Milano, & others) 1991;51:430–7*
Transplantation, homologous
Prolonged preservation of canine lung allografts: the role of prostaglandins (Novick, Reid, & others) 1991;51:853–9,CV
Transposition of great vessels
Arterial switch procedure in an adult (Trehan & Ott) 1991;51: 122–4,CR
False aneurysm formation of the great arteries after arterial switch operation (Kato, Nakada, & others) 1991;51:495–6,CR
Hemolysis due to branch pulmonary stenosis after the arterial switch procedure (Schroeder, Albert, & others) 1991;51: 491–2,CR
Jatene's arterial repair for transposition of the great vessels (Dunn) 1991;51:511–4,CL
Long-term results after atrial correction of complete transposition of the great arteries (Merlo, De Tommasi, & others) 1991;51:227–31*
Palliative repair of aortic atresia associated with tricuspid atresia and transposition of the great arteries (Imai, Kurosawa, & others) 1991;51:646–8,CR
The Senning operation: a new technique to prepare the septal flap (Assad, Felipe, & others) 1991;51:678–9,HW
Trauma
Acute vascular trauma (Tutassaura) 1991;51:1044–5,CP
Blast injury to the thoracic esophagus (Guth, Gouge, & Depan) 1991;51:837–9,CR
Delayed death from aortic root trauma (Boruchow & Hutchins) 1991;51:315–9,CR
Penetrating cardiac injuries (Attar, Suter, & others) 1991;51: 711–6*
Penetrating cardiac injuries—a look to the future (Follette) 1991;51:701–2,ED
Penetrating trauma involving the innominate artery (McLean & McManus) 1991;51:113–5, CR
Traumatic aortic insufficiency (Bex, Grande, & Deveze) 1991; 51:694–5,CP
Traumatic mitral valve rupture in a child (McCrory, Craig, & O'Kane) 1991;51:821–2,CR
Tricuspid valve incompetence caused by nonpenetrating thoracic trauma (Noera, Sanguinetti, & others) 1991;51:320–2,CR
Tricuspid valve
The Fontan procedure: a historical review (Cowgill) 1991;51: 1026–30,CL
Palliative repair of aortic atresia associated with tricuspid atresia and transposition of the great arteries (Imai, Kurosawa, & others) 1991;51:646–8,CR
Tricuspid valve papillary fibroelastoma: echocardiographic characterization (Wolfe, Finck, & others) 1991;51:116–8,CR
Tricuspid valve repair for tricuspic valve endocarditis: tricuspid valve "recycling" (Allen, Slachman, & others) 1991;51: 593–8*
Tricuspid valve insufficiency
Infected intravenous port device causing tricuspid valve regurgitation (Heinemann, Frank, & others) 1991;51:827–8,CR
Tricuspid valve incompetence caused by nonpenetrating thoracic trauma (Noera, Sanguinetti, & others) 1991;51:320–2,CR
Triiodothyronine
Triiodothyronine: to be or not to be, that is the question (Clark) 1991;51:5,ED
Triiodothyronine in the recovery of stunned myocardium in dogs (Novitsky, Matthews, & others) 1991;51:10–17*

Ulinastatin
Pulmonary hypertension and polymorphonuclear leukocyte elastase after esophageal cancer operations (Sato, Murakami, & others) 1991;51:754–8*

Vagotomy, proximal gastric
New surgical approach to complicated gastroesophageal reflux disease: transthoracic parietal cell vagotomy (Landreneau, Marshall, & others) 1991;51:128–30,CR
Valvoplasty
Nonsurgical treatment of carcinoid heart disease (Cheng) 1991; 51:1046–7,CP
Traumatic aortic insufficiency (Bex, Grande, & Deveze) 1991; 51:694–5,CP
Ventricular perforation with valvoplasty (Smith) 1991;51:1042–3,CP; Reply (Robertson) 1991;51:1043,CP
Vascular surgery
Jatene's arterial repair for transposition of the great vessels (Dunn) 1991;51:511–4,CL
Vasodilation
Role of potassium concentration in cardioplegic solutions in mediating endothelial damage (Mankad, Chester, & Yacoub) 1991;51:89–93*
Vena cava, inferior
Autogenous atrial tunnel for direct cavopulmonary connection in infants and small children (Perryman) 1991;51:508–10,HW

Vena cava, inferior (cont'd)
Cavoatrial tumor thrombectomy using cardiopulmonary bypass without circulatory arrest (Stewart, Carey, & others) 1991;51:717–22*
Membranotomy for Budd-Chiari syndrome (Cheng) 1991;51: 522–3,CP; Reply (Victor, Jayanthi, & Madanagopalan) 1991;51:523,CP
Misplaced caval filter and subsequent pericardial tamponade (Lahey, Meyer, & others) 1991;51:299–301,CR
Ventilator weaning
Procainamide-induced respiratory insufficiency after cardiopulmonary bypass (Putnam, Bolling, & Kirsh) 1991;51: 482–3,CR
Ventricular outflow obstruction
Reoperation for persistent outflow obstruction in hypertrophic cardiomyopathy (Roberts, McIntosh, & others) 1991;51: 453–60*
Supravalvar aortic stenosis (Doty); 1991;51:886–7,ED

Wolff-Parkinson-White syndrome
Epicardial and endocardial catheter ablation for Wolff-Parkinson-White syndrome (Iwa) 1991;51:527–8,ED
Surgical repair of Wolff-Parkinson-White syndrome complicated with myocardial bridging (Sueda, Matsuura, & others) 1991;51:119–21,CR
Surgical treatment of the Wolff-Parkinson-White syndrome by epicardial electrical ablation (Bockeria, Kupatadze, & others) 1991;51:563–72*

Women
New technique for pacemaker implantation in the upper chest of children and women (Molina) 1991;51:992–5*
